THERE'S A DIFFERENCE

Kennedy Report May Remind U.S. Of FDR's Chats

By JAMES MARLOW
A-P News Analyst
WASHINGTON—By the time President John F. Kennedy finishes his television and radio talk to the nation tomorrow night those who remember President Roosevelt, granddaddy of the fireside chat, will be comparing the two men.

NATO Council Is Reported Backing JFK

PARIS (UPI)—The 15-nation NATO permanent council today informally approved President John F. Kennedy's Berlin defense planning.

U.S. NATO Ambassador Thomas K. Finletter went before the 15-member council and gave a 40-minute advance report on the measures Kennedy will unveil in his message to tomorrow night to the American people.

Informed NATO sources refused to disclose any details of Kennedy's plans. But they said his message would not be solely concerned with military aspects of the Berlin situation.

Rusk Rules Out Economy On Foreign Aid

WASHINGTON (UPI)—Secretary of State Dean Rusk said today economizing on foreign aid to help pay for the Berlin crisis military buildup would assure Russia of a victory.

"If (Soviet Premier Nikita) Khrushchev could cause us to abandon this foreign aid effort in Asia, Africa and Latin America, he would have done us a great injury," Rusk said in a television interview today.

"Berlin is one aspect of what amounts to a continuous world-wide crisis," he said in answer to a suggestion by an interviewer that aid might be cut to offset the cost of the Berlin crisis.

Rusk said a comment he made in a television interview yesterday about the Berlin issue coming before the United Nations was a "real possibility." However, he said the remark did not imply that the United States was planning to take the issue before the United Nations.

Undersecretary of state Chester Bowles, appearing on another TV program, said he expected the United States to take the issue to the world organization.

these confused times a president must be a national explainer and a persuader, too, if he wants public support.

Roosevelt had an instinct for this. Kennedy has seemed hesitant about it.

Theodore H. White, a reporter who last year covered both the primary and presidential campaigns and has now written an excellent book about them—"The Making of the President 1960"—says:

"Franklin D. Roosevelt, more than any other president, could exert American influence on the great outer world because he knew how to mobilize the internal politics of America to support America's purpose. A president governing the United States can move events only if he can first persuade."

Roosevelt had a beginning advantage over Kennedy in leadership. He was governor of New York before he was president. It was while he was governor that he began his fireside chats to New Yorkers and found they worked.

No wonder he made quick use of the technique in the White House. He had his first national fireside chat at the end of his first week in the presidency, assuring people their money in the closed banks was secure.

Kennedy has been on TV many times since January but his first direct talk to the people didn't come until June 6. This was mostly limited to a report on his Vienna meeting with Premier Nikita Khrushchev.

Tomorrow night's talk will be the first in the classic tradition of explaining and persuading. This, unlike Roosevelt's first talk on financial security, will be on national security: dealing with Russia and defending Berlin.

The difference in the nature of the two men's talks is the difference in the major problems they inherited. For Roosevelt it was domestic, for Kennedy foreign. Roosevelt stepped into an immediate showdown. Kennedy's showdown was still months away.

Roosevelt inherited a country flat on its back, broke, with over 13 million unemployed. The United States then was isolationist and remote. The trouble...

BREATHING RESTORED

Firemen Help Save Infant At Picnic

Fast working Marin County firemen and a California Highway Patrolman yesterday may have saved the life of an 8-month-old San Francisco infant.

The child, Paul Starr, suffered a fever convulsion while on a picnic at Samuel Taylor State Park about 5:30 p.m. He stopped breathing. Marin County firemen were called. They restored his breathing with a resuscitator, but it stopped again as soon as the artificial stimulus was removed.

Meanwhile highway patrolman Joseph H. Kendrick got a radio call on White's Hill near Woodacre that he was needed at the scene. Firemen were still applying the resuscitator at the park's main gate when Kendrick arrived.

EICHMANN ENDS TESTIMONY

Adolf Eichmann, flanked by guards, gestures as he talks to judges in Jerusalem where he finished his testimony today. Eichmann, on trial for responsibility in the Nazi slaughter of six million Jews, was weary but strong of voice as he stepped from his glass cage. See story on page 2. (AP Wirephoto)

TOWER APARTMENT HEARING GOES ON

Court Action By Strawberry Group Doesn't Stop Work By Commissioners

Court action by the Strawberry Property Owners Assn. against the 20-million-dollar "tower apartments" planned for Harbor Point failed today to prevent a first hearing before the Marin County Planning Commission on a master plan for the project.

Commission chairman William Upton preceded the hearing by a statement that "inasmuch as the commission has heard nothing from the courts, we assume there is no restraining order."

Attorney Bryan McCarthy was emphatic that "no restraining order has been issued and in fact one has been denied."

The association last Thursday named the planners, supervisors and other county officials defendants in an attempt to overthrow a rezoning ordinance passed by the supervisors.

Architect Lloyd Flood and

his partner, Ralph T. Wolters, today showed a model and colored slides to reveal what they plan to put on 27 acres along the Strawberry Peninsula tip, including five 14-to-18-story tower apartments, one garden apartment, 10 town houses, 25 guest cottages for the Harbor Point Beach Club, two yacht basins, landscaped grounds and a swimming pool with white sand beach.

Finance Firm Ex-Manager Pleads Guilty

The former manager of the San Rafael office of Beneficial Finance Co. today pleaded guilty of grand theft from his employer over the past two years.

Charles Hopper, 32, of Petaluma was faced with a total of seven counts of grand theft. Four of the counts were dropped by Dist. Atty. Roger P. Garey today when Hopper changed his original plea of innocent. Superior Court Judge Richard M. Sims set August 14 at 10:30 a.m. for passing sentence.

Hopper was manager of the San Rafael office since October, 1960. He was arrested at his home by Inspector Donald E. Midyett on May 2. Formerly manager of the Petaluma office of the finance company, Hopper came under suspicion when his successor there reported a number of fictitious accounts in the files.

According to the district attorney, Hopper embezzled the company by making phony loans and pocketing the money. The shortage at the San Rafael office was placed at about \$14,000. He is also suspected of taking about \$12,000 from the Petaluma office.

U.S. Airliner Hijacked, Forced To Fly To Cuba

Message From Florida Plane Mentions Gun

MIAMI (UPI)—The pilot of an Eastern Air Lines plane carrying 37 persons on a routine Miami-Tampa run was forced at gunpoint today to fly to Havana where Fidel Castro is getting set for a national celebration.

A U.S. Air Force F-102, "scrambled" from Homestead Air Force Base south of Miami, escorted the Electra to the three-mile limit off Havana, but then had to turn back. The plane was alerted after the airlines pilot diverted unaccountably from his course; then was heard by another airliner to mention a gun.

In Washington the United States immediately demanded Cuba immediately release the plane together with its passengers and crew.

(The request was relayed to Cuba through the Swiss government since this country has broken off diplomatic relations with the Castro regime, a state department spokesman said.)

LANDS SAFELY
An Eastern spokesman said the plane landed safely at Havana's Jose Marti airport, closed to regular commercial traffic today due to the scheduled arrival of Russian spaceman Yuri Gagarin.

"The plane was commandeered," the spokesman said, "but added that details were lacking about whether one man or several put a gun on the electra pilot, Capt. W. E. Buchanan of Miami."

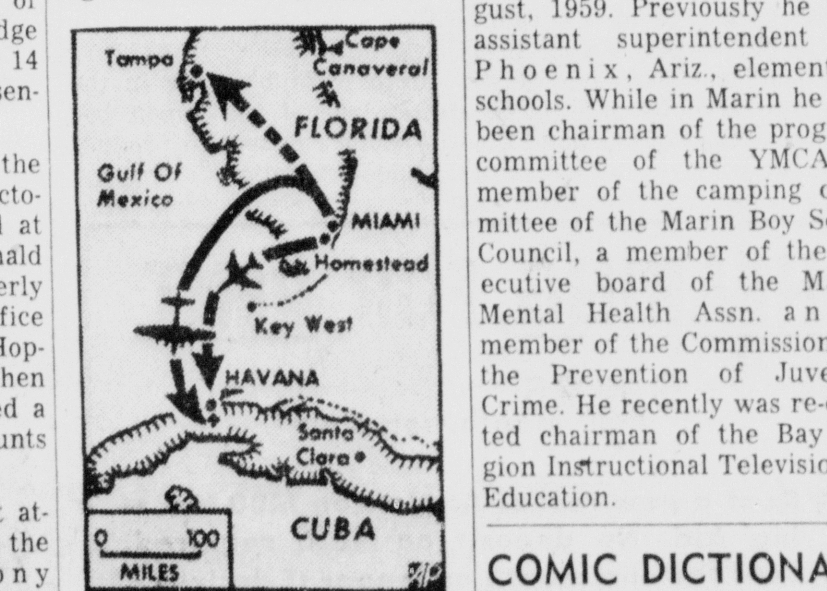

Federal officials here immediately began going over the passenger list of flight 202, seeking some indication of who might have hijacked the 3.5 million dollar airliner.

The plane carried 32 passengers and a crew of five. It was bound from Miami to Tampa, then to New Orleans and Dallas-Fort Worth, Tex.

OTHERS IN CREW
Eastern identified the other crewmen as J. Yandell, copilot; P. A. Knudson, flight engineer; Joan Jones, stewardess and Robert Reese, flight attendant.

The plane left Miami shortly after 9 a.m. (EST). The first indication of trouble came when the air route traffic control center at Miami International Airport noted by radar that the plane suddenly turned southward about 15 minutes after leaving Miami.

The North American Air Defense Command said another airliner reported hearing the Eastern pilot say he was landing in Havana at gunpoint.

FLIGHT PATTERN—This is the route a U.S. airliner was forced to fly today, presumably at gunpoint, from Florida to Cuba.

ANYONE HAVE PHOTOGRAPH OF CAVE-IN?

The Alto Fire Department hopes someone may have snapped a picture of the Lincoln Avenue cave-in last Thursday evening just as fireman Frank Kinsler and his pickup truck were swallowed by the earth.

If anyone did, Alto Fire Chief Carl O. Heynen Jr. would like very much to get the picture.

He asked today that anyone having such a picture call the Alto Fire Department.

County School Aide Quitting —To Inglewood

Resignation of Richard H. Hinze as assistant Marin County schools superintendent for educational services was announced today by County Supt. Virgil S. Hollis.

Hinze disclosed he has accepted a position as assistant superintendent for educational services in Inglewood Unified School District in Los Angeles County. The new job will pay approximately \$2,500 a year more than the \$13,380 he received in Marin.

Superintendent Hollis said he is releasing Hinze from his contract effective July 31. He said he will conduct a nationwide search for a successor to Hinze in Marin.

Hinze expressed regret at leaving Marin, but said, "I just couldn't turn down that much additional money."

Hinze came to Marin in August, 1959. Previously he was assistant superintendent at Phoenix, Ariz., elementary schools. While in Marin he has been chairman of the program committee of the YMCA, a member of the camping committee of the Marin Boy Scout Council, a member of the executive board of the Marin Mental Health Assn. and a member of the Commission for the Prevention of Juvenile Crime. He recently was re-elected chairman of the Bay Region Instructional Television in Education.

STILL TOO HOT

Word Is Awaited On Tunnel Repair

State and local officials today awaited word from the general manager of the Northwestern Pacific Railroad as to when and what work can be done to rebuild the tunnel which caved in during last Thursday's fire which took the life of an Alto fireman.

The tunnel cave-in has made Lincoln Avenue from Highway 101 impassable. Northbound traffic leaving San Rafael from Lincoln Avenue is open, however. The traffic is limited to one lane, said Norris Rawles, city superintendent of public works.

George Morrison, vice president and general manager of the railroad, said he did not know whether the tunnel would be rebuilt. The answer, he said, would only be known when investigations of the tunnel are completed. Morrison said the tunnel is still too hot to enter for investigation.

Morrison said the tunnel collapse would not affect freight rates for items shipped into San Rafael. He said the freight would be shipped by train to Ignacio and then transported by trucks into San Rafael.

Rawles said nothing could be done toward reopening southbound lanes of Lincoln Avenue until the railroad decides what it will do about the tunnel.

J. P. Sinclair, assistant state highway engineer in charge of the San Francisco area, said the tunnel collapse probably would not change plans for widening Highway 101 through San Rafael.

Morrison told San Rafael Police Chief Charles J. Chiesa he would erect a fence around the cave-in for the protection of the public tomorrow.

William R. Seeger, general manager of the Marin Municipal Water District, said new water lines have been installed

bypassing the break in a 12-inch main and near-break in an 18-inch main at the cave-in.

Seeger thanked San Rafael residents for cooperating in reducing use of water while the supply was diminished because of the break.

The gas line which ran just under the surface of the street remained intact as the ground gave way. Pacific Gas and Electric workmen rerouted the gas to near-by residents, resulting in no gas loss.

The Amateur Radio Operators' Club is still working on the tunnel. See TUNNEL, page 4

Last Rites Tonight For Alto Fireman

Funeral services for Frank Kinsler, 23, killed in the disastrous San Rafael fire and tunnel collapse, will be held today at 8 p.m. at the chapel of Russell and Gooch, Mill Valley.

Kinsler, who had been with the Alto Fire Department for six months, plunged with his pickup truck into the cave-in of the Northwestern Pacific Railroad tunnel under Lincoln Avenue in San Rafael last Thursday.

The tunnel collapse was caused by a fire which raged through the 1,365-foot tunnel, set by two Santa Venetia youths. Kinsler fell to his death in the huge crater caused by the cave-in. His body and the truck were covered by tons of dirt and concrete.

Workmen, after working around the clock, pulled Kinsler's body from the cabin of the truck Saturday morning. The truck was 45 feet below Lincoln Avenue.

An autopsy by County Coroner Frank J. Keaton determined that Kinsler had been crushed to death. The coroner's report revealed that the flames from the tunnel did not reach either Kinsler or the truck.

Kinsler had been living in the Alto Fire house. Besides being a regular Alto fireman, he was a member of the Alto Volunteer Firemen's Assn. and

Tunisia Says Paris Flouts Order By U. N.

UNITED NATIONS (UPI)—Tunisia accused France in the United Nations today of deliberately flouting the Bizerte cease-fire ordered by the Security Council.

In a letter to the Security Council Tunisian U.N. representative Mongi Slim charged French troops are "still engaging in abductions, summary executions and all kinds of extortions under the threat of arms."

Simultaneously chief French delegate Agmand Berard denied as "entirely devoid of foundation" Tunisian charges that French war planes have strafed the El Alouina Tunis airfield. Berard said in a letter to the Security Council said he was "authorized" by his government to likewise deny accusations that French forces were guilty of violence and robbery.

EICHMANN COMPLETES TESTIMONY

Tells Of Tearing Up New Testament In Fit Of Anger

JERUSALEM (UPI)—A white-faced Adolf Eichmann today ended his attempt to escape the gallows. Eichmann completed five weeks of testimony as the sole defense witness at his trial on charges of killing six million Jews. His final admission was that he once grabbed a New Testament from his wife and tore it to bits in a fit of anger. "If I were infallible I would not have done this," Eichmann told the startled three-man Israeli court.

The former Nazi SS colonel obviously was exhausted in spite of the weekend recess. FIVE WEEKS A few minutes later, presiding justice Moshe Landau released Eichmann with the words "you have now completed your testimony."

It began June 20 and lasted one day short of five weeks. For security reasons, Eichmann testified throughout from his bullet-proof glass box, except once when he was allowed to step out for about three minutes to illustrate his testimony by pointing to a wall map.

After Eichmann finished, the court heard excerpts from written testimony of six former senior Nazi officials given before judges abroad.

Answering questions by Landau himself, Eichmann claimed that: He was never an anti-Semite. He was tough to everyone else. He was so bureaucratic that he caused other officials a lot of extra work.

CONTRADICTION Once Landau forced him to admit a contradiction in earlier testimony in which he said he remained of his own free will in the Nazi party and the SS. Today he said he did so against his will.

"Yes, there is a contradiction here," Eichmann agreed, "but even if a man wanted to he couldn't have done so."

Landau was last of three black-robed judges to question Eichmann. All three broke with Israeli court tradition and put their questions directly in German which all three speak.

Landau, 49, bald-headed and fatherly-looking, addressed Eichmann in a low, patient voice. But several times he showed obvious irritation when Eichmann replied evasively or spoke of what he called "imagine."

One half of the people in the United States are unable to take care of themselves in the water in an emergency, according to the National Safety Council. This means some 90 million persons are vulnerable to drowning.

Serious Crimes Rise In U.S., FBI Reports

WASHINGTON (AP)—There were more serious crimes in the United States last year than in any year in history. Federal Bureau of Investigation Director J. Edgar Hoover reported today. The surge of lawlessness reflected an astounding 98 per cent increase over 1950, he said.

By the FBI's crime clock there was a murder every 58 minutes.

A forcible rape every 34 minutes.

An aggravated assault every 4 minutes.

A robbery every 6 minutes.

These chilling statistics shaped the pattern of violence in 1960 with a serious crime committed every 15 seconds or a total of 1,861,300.

Hoover noted in the big rise in crime over 1950 that the population increase for the decade was only 18 per cent.

The FBI data, published in the annual "Uniform Crime Reports," covered information supplied by more than 7,700 police agencies, and showed that 1960 topped 1959 by 14 per cent in murders, forcible

rapes, robberies, aggravated assaults, burglaries, auto thefts and larcenies of \$50 or more.

Crimes against property, Hoover said, were in general even more frequent, with a burglary every 39 seconds, a major larceny every minute, a car theft every two minutes.

By major categories, robberies and burglaries were each up 18 per cent over 1959, larcenies 14 per cent, auto thefts 9 per cent. Murders had a sharp 6 per cent rise. Aggravated assaults increased by 5 per cent and forcible rapes by 3 per cent.

There were 3,640 arrests for each 100,000 persons during the year with city arrests running at about three times the rural rate.

In this connection, Hoover said, police last year cleared 70 per cent more cases by arrest than they did in 1950, and court convictions mounted by 42 per cent. Also, he said "effective police work" resulted in the recovery of 52 per cent of the estimated \$570 million in loot taken by thieves in 1960.

INCREASE OVER 1959

California Major Crime Measured In Minutes

SACRAMENTO (UPI)—A major crime was committed every 1.6 minutes in California during 1960, the Federal Bureau of Investigation reported today. Crime increased 22.2 per cent in the state last year, according to figures from the FBI's annual report, and was on the rise faster than the national average of 14.2 per cent.

A total of 310,645 major crimes were reported, a jump of 56,590 over 1959.

The largest increases were in robbery, up 34.3 per cent to 15,405 or one every 34 minutes, and in burglary, up 28.4 per cent to 143,553 or one every 3.6 minutes.

Murder jumped 21.6 per cent in the state last year to 618 or one every 14 hours.

Larcenies of more than \$50 jumped 17.1 per cent to 77,725 or one every 6.7 minutes.

Auto theft climbed 15.7 per cent to 51,566 cases, one every 10 minutes.

The cost of losses to crime was computed this way: Auto thefts cost Californians

\$42,799,780 last year at an average of \$830 but the FBI estimated that police agencies recovered 92 per cent of stolen autos so car owners in the state lost \$3,423,983.

Robberies, burglaries and larcenies cost residents \$35,965,529 but 52 per cent of the cash and goods stolen were later recovered by police who returned \$18,702,074, the FBI estimated.

All bumble bees die in the winter, except the queen bee who alone survives to produce another generation.

WORLD NEWS IN BRIEF

Hurricane Hits

MIAMI, Fla. (AP)—Hurricane winds lashed the British Honduras coast today and dangerous flash floods were forecast for a wide area.

Anna, the season's first hurricane, was about 20 miles east of Mangrove Creek, British Honduras, a spot close to the Guatemala-British Honduras border. Its force was dwindling a little but the peril to Central America was far from ended.

Family Shot

MIDLAND, Tex. (AP)—A teenage farm girl with a bullet wound in her stomach ran 2½ miles in the mud to a neighbor's house early today to cry out that her father, three brothers and a sister had been shot to death.

Officers rushed to the Fred Milton Kinsey home, 30 miles northwest of this West Texas oil center, and found Kinsey and four of his children dead. The child's mother lives in Fort Worth.

Kinsey, 58, had died of a pistol wound in the forehead.

SHAPE Briefing

PARIS (UPI)—U.S. defense secretary Robert McNamara headed for London today for further discussions of Allied strategy in the face of Soviet threats to touch off a Berlin crisis.

McNamara and Gen. L. Lemnitzer, chairman of the joint chiefs of staff, spent most of yesterday in conference with SHAPE commander Gen. Lauris Norstad and NATO Secretary-General Dirk Strikker.

Officials said they reviewed the present numerical strength of NATO and U.S. forces in Europe in the light of the Berlin situation.

Widow In Cuba

HAVANA (UPI)—Ernest Hemingway's widow, Mary, "came home" last night to explore the possibility of turning the writer's Cuban farm into a memorial.

She came here at the invitation of Premier Fidel Castro's government and was met at the airport by Castro's personal envoy, Minister Ramon Aja.

Screen Writer Dies

MALIBU (UPI)—Valentine Davies, veteran writer-director and current president of the Academy of Motion Picture Arts and Sciences, died tonight of an apparent heart attack in his Malibu home, the California Highway Patrol reported.

Davies, 55, authored the novels "Miracle on 34th Street" and "It Happens Every Spring." He won an Academy Award in 1947 for the original story "Miracle on 34th Street."

His plays included "Three Times the Hour" and "Keeper of the Keys." His motion picture writing debut was made in 1941 with "Blow Ye The Winds."

Plea Against Reds

WASHINGTON (UPI)—Nationalist China is sending two top officials to see President John F. Kennedy in a last-ditch appeal against U.S. recognition of Communist Outer Mongolia and U.N. admission of Red China.

The weekend White House at Hyannis Port, Mass., announced yesterday that Nationalist Chen Cheng and Foreign Minister Shen Chang Juang would arrive July 31 to meet with Kennedy.

All bumble bees die in the winter, except the queen bee who alone survives to produce another generation.

Refugees Snarl

MIAMI, Fla. (AP)—U.S. State Department plans to fly 20,000 Cuban refugees to Miami in three weeks were dampened with an edict by Fidel Castro's regime that only two flights a day would be permitted.

While ways were sought to keep the refugee flights moving as rapidly as possible, Florida Gov. Farris Bryant urged immediate federal assistance in resettling the refugees away from south Florida.

Two flights yesterday brought a total of 249 refugees. Pan-American World Airways, which has been offering one flight daily from Havana, said it will operate twice daily until further notice.

Riot In Idaho

COEUR D'ALENE, Idaho (AP)—Hundreds of rioters swung fists and threw bottles Sunday for four hours before officers and National Guardsmen calmed down this town of 15,000.

Officers estimated up to 1,000 took part in the violence, and another 2,000 onlookers milled about to watch the excitement.

Fire hoses and tear gas were used to quell the outburst, but it wasn't until National Guardsmen appeared that peace returned.

At least three persons were hurt. Officers arrested 41 of the brawlers, ranging in age from 15 to 26.

The town was jammed with a crowd of about 60,000 who came to see hydroplane racing on Lake Coeur d'Alene.

Slaying Suspect

BAKERSFIELD (UPI)—A 36-year-old San Bernardino handyman was to be arraigned today for the roadside robbery-slaying of Fontana steelworker Joseph W. Yilek.

The suspect, David B. Stanley, is also charged with assaulting Yilek's wife, Ordella. She identified the man last week as the stranger who asked for a cup of water, then drew a pistol and gunned down her husband in a rage, claiming his victims had not given him all their money.

Officers, who gave Stanley a lie-detector test Saturday in Los Angeles said the examination disclosed the suspect had "some guilty knowledge" of the morning of the July 16 murder.

Theft And Death

SHELDON, Iowa (UPI)—Wallace P. Geiger, 58, ailing husband of jailed embezzler Mrs. Burnice Geiger, died at his home yesterday amid a few tantalizing reminders of his wife's admitted two-million-dollar theft.

Geiger, one-time lieutenant colonel in the military police and Hollywood bit actor, died in the spacious home that once was the showplace of this prosperous northwest Iowa town.

Geiger stripped himself of his thriving hardware store, expensive and tasteful home furnishings, and his financial interests in an effort to make restitution for his wife's admitted embezzlement from her father's bank.

Mrs. Geiger, arrested Jan. 16, was in a federal prison at Charleston, W. Va., serving a 15-year term.

Clash In France

METZ, France (AP)—At least nine persons were killed and 22 wounded last night when French paratroopers, angered over the slaying of a comrade by Algerian gunmen, stormed through Metz attacking anyone who looked like an Algerian.

Police said a gang of Algerians fired into a bar thronged by paratroopers recently brought back from duty in Algeria. The shots killed a paratrooper and a French bartender and wounded several soldiers.

The paratroopers surged into the railway station buffet attacking Algerians at the dead. Authorities said the raid included two paratroopers, the barman and an Algerian worker. Five paratroopers and 17 Algerians were badly wounded.

Bongo Bedlam

SAN FRANCISCO (AP)—Bongos and beer begot a bit of bedlam by the bay yesterday.

Barefoot and bearded, 50 beatniks were lounging at Aquatic Park, sipping suds and thumping their bongos.

When six gals clad in bikinis started dancing to the bongos, hundreds of spectators mobbed the area. Outraged housewives phoned police.

The mob dispersed as police squad cars arrived, leaving three bongo drums, eight groggy sunbathers and hundreds of beer cans. The eight were booked on charges of drunkenness, profanity and interfering with the law.

'Wade-In' Dampened

CHICAGO (AP)—A light rain ended a brief "wade in" demonstration on a nearly empty south side beach traditionally used only by white bathers.

About 30 Negroes and white persons took part in the demonstration yesterday under the watchful eye of a 200-man police force assigned to the public beach. The demonstrators left after about 45 minutes when rain started to fall.

Six Die In Fire

LOWELL, Mass. (AP)—A mother and five of her 10 children perished early today when fire broke out in a tenement building and destroyed the flimsy structure within minutes.

A sixth child in the Negro family was still missing hours later and was believed dead.

The mother, Mattie Maryland, about 50, died when she raced back into the burning, three-story building and fell two floors into the rubble as a stairway collapsed.

As the "Borden Belle," you'd receive Elsie's Camera-Traveler you see everywhere. Reach for anything Borden's then see what happens!

Congress Takes Up Foreign-Aid Bills

WASHINGTON (AP)—Congress concentrates this week on farm and foreign-aid legislation. The administration hopes it will focus some attention, too, on education.

The Senate takes up a farm bill today from which its Agriculture Committee has slashed a key request by Secretary of Agriculture Orville L. Freeman to permit farm groups and the secretary to develop their own programs subject to a congressional veto.

Senate Democratic leader Mike Mansfield of Montana predicted passage of the committee version without substantial change.

Among other things it would provide for a minimum 10 per cent reduction in wheat acreage and a 20 per cent cut in corn, grain sorghum and barley acreage. Government payments would be made in cash or kind for retired acreage.

The House, marking time with routine measures, takes up an 800-million dollar military construction bill tomorrow.

Mansfield said he will bring before the Senate Friday President John F. Kennedy's \$4,326,500,000 foreign aid bill. But Mansfield said, votes on controversial provisions of the measure will be postponed until next week.

The Foreign Relations Committee is expected to stamp its final approval on the measure today while a House committee resumes hearings on the program.

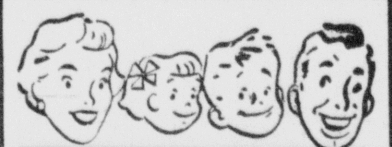

Mansfield said there is a "little better than even" chance the Senate will approve Kennedy's request for a five-year, 8.8-billion-dollar long-range development program for fledgling nations, financed through Treasury borrowing.

Sen. Styles Bridges of New

Hampshire, chairman of the Senate Republican Policy committee, said GOP leaders will chart their course on the bill tomorrow. He said Senate Rep. Dirksen of Illinois, who has been receiving hospital treatment for an ulcer, is expected to return to duty then.

Kennedy is expected to discuss tomorrow with Democratic leaders of both houses proposals to break a House Rules Committee logjam on his aid-to-education program. The leaders will be at the White House for a regular weekly breakfast.

Kennedy, who speaks to the nation tomorrow night on the Berlin crisis over television and radio, has said he will send to Congress Wednesday a recommendation for strengthening the country's military posture.

Spaceman Gagarin 'Happy' Over 'Dream' Visit To 'Heroic Cuba'

HAVANA (AP)—Cuba prepared a hero's welcome today for Soviet spaceman Yuri Gagarin to kick off the giant celebration of the eighth anniversary of Fidel Castro's revolution.

Havana airport was closed to all commercial traffic to clear the way for the 27-year-old cosmonaut flying here from Gander, Nfld., where he made an overnight stop on the trip from Moscow.

The youthful Soviet air force major is being given equal billing with Castro in the four-day celebration of the 26th of July Movement that sparked the revolution which ousted the Batista dictatorship Jan. 1, 1959.

The Soviet spaceman, who already has been exhibited in Britain, Finland and Communist bloc countries since his April 12 flight around the earth, sent word ahead that he was "very happy that my old and cherished dream is at last coming true — to visit heroic

YURI GAGARIN Follows 'great deeds' Cuba."

He told the Cuban people: "I closely follow the great deeds of your revolution which have

earned you the sympathy of millions. The name of your island is a symbol of freedom and heroism."

The Cuban celebrations will reach a climax with a giant Havana rally Wednesday, the July 26 date on which Castro launched his revolutionary movement in 1953 with an abortive raid on a Santiago army barracks.

Thousands of peasants and workers from outlying provinces have poured into Havana to cheer their bearded prime minister and the boyish-looking cosmonaut he has invited to share honors with him.

At the rally Wednesday, Castro is expected to announce the establishment of a one-party political system in Cuba along lines in effect in Communist countries. He reportedly plans a proletarian party made up of the Popular Socialist Communist party, the 26th of July Movement, labor unions and other groups that supported the revolution.

Red Radar Said Near Space Drop

CAPE CANAVERAL, Fla. (AP)—A Soviet trawler equipped with radar reportedly cruised within 20 miles of the spot where astronaut Virgil I. Grissom's space-capsule landed in the Atlantic Ocean.

That was the gist of reports from a National Aeronautics and Space Administration official and another source, yesterday.

There was no indication steps were being planned to prevent this happening during another suborbital flight. Soviet trawlers have been seen many times off the United States coast in recent months.

Lt. Col. John A. Powers, personal spokesman for the astronauts, reported recovery forces saw the trawler in the general area of the impact zone Friday. James E. Webb, NASA administrator, was asked about the reports that Soviet trawlers had been sighted during a TV-radio interview in Washington.

"Well, of course I do not know exactly what ships were there or what they were there for. But I would guess they were there to learn as much as they could of the whole process," Webb replied.

A NASA spokesman said Grissom, 35, his wife, Betty, and their two sons, Scott 11, and Mark 7, were expected to fly to their home in Newport News, Va., tomorrow or Wednesday morning for a week's vacation.

The Air Force captain has been undergoing exhaustive questioning by scientists, doctors and psychologists about his 5,280-mile ride into space Friday.

Spaceman Decision Being Made

CAPE CANAVERAL (AP)—Scientists studied Astronaut Virgil I. Grissom today to decide whether to send another man on a sub-orbital rocket ride.

If they decide "yes," the next American spaceman will be John H. Glenn Jr., a 40-year-old marine. The flight probably would come in late August or September.

If they decide "no," the nation's 400-million-dollar "project mercury" will shift its attention fulltime to send one of its seven astronauts on a rocket flight into orbit early in 1962.

If the emphasis is shifted 100 per cent to an orbital flight, Grissom, No. 1 U.S. spaceman Alan B. Shepard Jr., and their five fellow astronauts will all be eligible to make the flight.

Moon Spacecraft Test Planned In Few Days

WASHINGTON (AP)—A Ranger I spacecraft—first version of a vehicle that later this year may crash-land on the moon—will be launched on a million-mile round-trip journey into space within the next few days.

The National Aeronautics and Space Administration described in detail today its newest and most complicated experiment in lunar and planetary exploration. But NASA declined to give the exact date the launch attempt will be made at Cape Canaveral, Fla.

NASA said the 675-pound Ranger will be fired first into a brief "parking orbit" 115 miles above the earth. For about 13 minutes Ranger I will zoom along at 18,000 miles an hour, high above the Atlantic Ocean, as though it were a regulation earth satellite.

Then its Agena-B second-

stage rocket will fire up for a second time to accelerate Ranger I to a velocity of 23,800 miles an hour and start it on a trajectory 685,000 miles out into space.

It deliberately will not be aimed at the moon.

The craft is expected to reach the perigee, or closest point to earth, of its eccentric orbit in September at an altitude of 37,500 miles—some 58 days after launching.

The spaceship may be unable to regain orbital course, however, and may plunge into the earth's atmosphere and be destroyed by fire.

Many hemiplegic patients do not walk as fast as they could because of fear, suggests a research team from the University of California Medical School and the Oakland Veterans Administration hospital.

Planning Staff Ripped Over 'No Notices'

Drake's Bay developer Benjamin Bonelli made an unscheduled appearance before the Marin County Planning Commission today to attack the planning staff for failure to provide notice of last week's turnaround of his plans for the next two phases of Drake's Bay Estates.

"I need the required notice of what was done," said Bonelli, "so the true absurdity of the situation can be revealed on appeal to the supervisors. But I object to getting such notice now only 24 hours before all my rights of appeal expire."

Admitting that last week's action was not a decisive denial but rather a failure to approve

Auto Strikes Light Post, Two Injured

A woman driver and her passenger were severely injured yesterday when she crashed her car into a light standard on the Sausalito lateral leading to Highway 101.

Jayne Slater, 39, San Francisco public relations firm secretary, suffered possible fractures of nose and breast bone but was released from Marin General Hospital after treatment. Her passenger, Robert E. Perdue Jr., 29, of 648 Lomita Avenue, Greenbrae, was reported in satisfactory condition at the same hospital today with extensive face cuts.

California Highway Patrol investigators found no skid marks. The accident happened at 6:15 p.m.

MARIN FIRE CALLS

SATURDAY: 3:21 p.m., Forest Knolls—Marin County Fire Department extinguished blaze that caused estimated \$4500 damage in vacant four-room cottage at 1 Aztec Avenue; cause undetermined.

YESTERDAY: 5:30 p.m., Corte Madera—Grass fire of unknown origin on railroad property behind 30 Echo Drive; no damage.

5:31 p.m., Samuel Taylor Park—Marin County Fire Department applied rescuator to Paul Starr, 8 months, of San Francisco; infant was taken to Marin General Hospital.

6:14 p.m., Sonoma County—Marin County truck responded to call north of county line on Respiro ranch, where fireman assisted Sonoma County units in fighting 10-acre grass fire.

10:50 p.m., Novato—Small grass fire in back of Rieky's Ranch; Rafael; possibly caused by cigarette.

11:02 p.m., Strawberry—Aging wires on utility pole, Tamalpais Valley firemen stood by until Pacific Telephone repairman arrived; no damage.

11:20 p.m., Tiburon—Top cross member of power pole, 4200 Paradise Drive, afire, presumably from dirt or dampness in an insulator. Put out after 50 minutes by Tiburon firemen and Pacific Gas and Electric troubleshooter; damage undetermined.

11:22 p.m., Rocky Hill—Marin County Fire Department put out two small grass fires off Point Reyes-Petaluma Road; cause undetermined.

the two units, the commission finally voted 4-1 today to disapprove Bonelli's latest plans. Commissioner George Scott voted against the turnaround. By agreement, the action was dated today so that Bonelli will have a week to prepare his appeal.

Bonelli was bitter, terming the whole situation "a bunch of nonsense" and saying that the commission's adverse attitude ran counter to the first unit approval won from two boards of supervisors during a year of tussling.

"This business of not sending me proper notice has been going on for a year," said Bonelli. "Letters have been unanswered, phone calls not returned, public records denied to me."

"We are not trying to treat you any different from others," said Upton.

"I know you (the commission) are not," Bonelli retorted, "but I object to my treatment at the hands of the staff. Among other things I should be given the grounds for your adverse action to let me oppose it in appeal."

No Rain In Sight For Five Days

SAN FRANCISCO (AP)—Summertime high fog blanketed the Northern and Central California coast this morning and the overcast moved into the lower coastal valleys.

The five-day forecast through Saturday said no rain is in sight and temperatures should be normal.

Protest Pays Off; Street Gets Paved

MANSFIELD, Ohio (AP)—Township trustees got the message when Gene Geary got fed up with dust on unpaved Topaz Avenue. He placed barricades across the street to halt traffic.

When sheriff's deputies arrived, Geary asserted that the trustees promised to pave the street but never got around to it. The deputies asked him to check again. Trustees informed Geary that a contract for the work had been signed.

The barricades came down.

Labor Backing For Railroad Told At Hearing

SAN FRANCISCO (AP)—The Sacramento Central Labor Council's unanimous backing for the Southern Pacific in its contest with Santa Fe for control of the Western Pacific was presented before an Interstate Commerce Commission hearing today.

James L. Crawford of Los Angeles, representing the Railway Labor Executives' Association, promptly protested that the Sacramento Council's action did not represent the position of the railway labor brotherhoods.

Crawford declared the Railway Executives' Association held exclusive authority to speak for the brotherhoods in the case being heard by ICC Examiner Paul C. Albus.

Harry Finks of Sacramento, the council's secretary, acknowledged the six-county organization, representing 70,000 members of 101 affiliated unions, included no more than 50 railway labor members in the switchmen's union.

Finke declared, however, the council acted on the judgment that Santa Fe control of the Western Pacific would adversely affect the economy and employment in the Sacramento Council area.

Finks, a California Labor Federation, vice president, said he was authorized to declare the same position for the San Diego Central Labor Council.

STOCKS TODAY

NEW YORK (AP)—Stocks turned in another listless performance today, closing irregularly after late profit-taking cancelled a midday pickup.

Steels, rails and gold mining shares received a good measure of support but many oils, electronics and companies which had poor earnings reports lost ground.

Novato Ranch Hand Found Dead In Truck

Stanley Frey, 20, a ranch hand at the Arnold Dolcini Jr. ranch near Novato, was found dead in the cab of a dump truck by another ranch hand at 7:05 a.m. today.

Frey had been employed at the ranch for only three days. His home is believed to be in Petaluma.

Sheriff's Inspector Carl R. Sears said Frey's body was discovered by a ranch hand who had been sent to move the truck from the entrance to the barn. Frey apparently had been loading hay on the truck.

There was no evidence of foul play, Sears said.

An autopsy was scheduled for today.

Youngsters Win Poultry Awards

Four Marin County 4-H youngsters walked away with awards in poultry utility class at the Sonoma County Fair now in progress in Santa Rosa.

They are Tom Tognetti, 18, 50 Oak Ridge Avenue, San Rafael, third place; Bill Wright, 19, 2473 Vineyard Road, Novato, two first and two second awards; Donald Nelson, 10, 1456 South Novato Boulevard, Novato, third; Bob Nagle, 10, 744 Wilson Street, Novato, first and two second awards.

The fair will continue through Saturday.

Stolen Auto Found Parked In San Rafael

San Rafael police officer Thomas Stephenson found a parked stolen car early today at 911 Francisco Boulevard, San Rafael.

Stephenson reported the vehicle was parked on the wrong side of the street. The car is registered to Robert C. Carpenter of 203 Ricardo Road, Mill Valley. The 1949 blue two-door sedan was stolen yesterday noon, police reported.

Thieves Take Smokes, Candy

Burglars, after finding only 25 cents in the cash register of the Marin City Pool Hall Saturday, helped themselves to cigarettes, candy and soda pop.

Sheriff's officers reported the front window of the pool hall was broken. Missing were 14 cartons of cigarettes, four boxes of candy, one box of gum, 24 bags of potato chips, 24 cases of soft drinks and 25 cents.

Amos E. Beard of House 105, Marin City, manager of the pool hall, told officers the burglary took place sometime between midnight and 1:30 p.m. Saturday.

Katanga Accepting Aid From Russia

ELISABETHVILLE, Katanga (AP)—Katanga interior minister Godefroid Munungo said today his government has accepted Russian offers of help, and officially opened negotiations to strengthen ties with the Communists.

Munungo made the startling disclosures at a news conference when he said representatives would go soon to Czechoslovakia and Yugoslavia.

He said he spoke in behalf of Katanga President Moise Tshombe. Tshombe, who has been reported ill, has not made public appearances since July 11.

Nine Furnaces Reported Stolen

Leland S. Little of the Little Burner Co. at Dubois Street and Woodland Avenue, San Rafael, reported to San Rafael police the theft of nine furnaces Saturday valued at \$450 wholesale.

Little said he was moving equipment around the warehouse Saturday and left at noon, locking the doors. He said 10 furnaces were there when he left. When he returned two hours later, only one furnace remained.

Wireless Telephones

SAPULPA, Okla. (AP)—There were no telephone calls for many residents in rural areas around Sapulpa recently. The reason? Someone stole more than 8,000 feet of wire from the poles.

New Moisturizing Colonaids Stops CONSTIPATION DUE TO DEHYDRATION

without gag, bloat or gripe

Most constipation is caused by what doctors call a "dry" colon that loses so much moisture that its contents become so dry they block the bowel; so shrunken they fail to stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to S-T-R-E-T-C-H stimulate colon to action; to a normal urge to purge. And, of all laxatives, only new COLONALIDS possesses its great moistening capacity plus its stretch-stimulating bulk. So effective it

relieves even chronic constipation overnight, yet is so gentle it has been hospital-proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONALIDS neither gags, bloats nor gripes; won't interfere with absorption of vitamins or food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONALIDS exercises your colon to tone it against constipation overnight. So, for positive relief from constipation, get amazing, moisturizing new COLONALIDS today! INTRODUCTORY SIZE 43¢

The word different best describes Del Prado cigarettes. A blend of fine, robust Mexican tobaccos gives Del Prado a zestful flavor not to be found in U.S. brands. Yes... Del Prado is delightfully different.

KENNEDY

Continued from page 1
sion, and over five million unemployed. But there was no emergency. He knew where the real trouble lay.

A month before his election he had predicted: "The next president in the first year is going to be faced with a very serious situation with our defense of Berlin . . . It is going to be a test of our nerve and will." Sure enough, in June Khrushchev made Berlin an issue.

The similarities between Roosevelt and Kennedy are less subtle than the differences. Both promised action and provided it, but not always. Both were experienced politicians as they showed in their early dealings with Congress. Each showed in his first inaugural address he could manufacture memorable phrases.

James MacGregor Burns, who has written biographies of both men, said Roosevelt in his early days had to antagonize people. This goes far to explain the mishmash of early legislation Roosevelt threw at Congress. Burns says, "Try as he might, the most resourceful political philosopher could not extract consistency from the jumble."

Kennedy doesn't go out of his way to make enemies in Congress, either. For example: His failure to make good on his campaign promise of quick action on civil rights legislation, which would have antagonized Southern Democrats.

Some Roosevelt-Kennedy differences showed up at the start of their presidencies.

As soon as he was sworn in March 4, 1933, Roosevelt called a special session of Congress to pass emergency banking legislation.

Arthur Schlesinger Jr., who has written the most detailed history of the Roosevelt era, says that after the president got his banking measure through he thought of letting Congress go home. He changed his mind and, using the emergency, rammed through the "jumble" Burns complained of.

In contrast Kennedy had his programs pretty well organized in tick-tack-toe order to offer Congress. But where Roosevelt was bold and experimented, Kennedy is conservative and, so far, cautious in dealing with Congress—so much so that at this point he seems to be coaxing.

Dr. Andrew C. Ivy, head of the university's department of clinical science, spoke at the sixth annual session of the Washington Institute of Scientific studies for the prevention of alcoholism.

The new Church of England Cathedral in Coventry, which will be consecrated in May, 1962, is rising near the carefully preserved ruins of the famous 15th Century church. The old church was destroyed in a World War II bombing raid.

OBITUARIES

High School Custodian Succumbs

John E. Quinliven, custodian at San Rafael High School for 14 years, died of a long illness today in a local hospital. He was 57.

Quinliven, a native of Willits, had been a San Rafael resident for 27 years. He and his wife, Elaine, resided at 1103 Lincoln Avenue.

He was known to thousands who attended San Rafael High over the past 14 years for his work at the school.

Quinliven was a member of the First Congregational Church of San Rafael and of Marin Lodge 200, Independent Order of Odd Fellows.

Besides his wife, he is survived by a son, Gary E. Quinliven of San Rafael; a brother and three sisters, Dennis Quinliven of Brea, Orange County; Mrs. Rosella Rudd and Mrs. Genevieve Squires of Santa Rosa and Mrs. Bessie Hurley of Oakland, and four grandchildren.

Funeral services will be held Thursday at 9:30 a.m. at Harry M. Williams Mortuary. Interment will be Willits Cemetery. Friends may call at the mortuary after 7 p.m. tomorrow.

MRS. NOMMENSEN

Miss Rachel A. Nommensen, 46, of Palm Springs, Fla., visiting her brother-in-law and sister in Fairfax, died unexpectedly yesterday in a local hospital, a victim of leukemia.

Miss Nommensen was visiting Mr. and Mrs. James T. Murphy of 83 Cypress Drive, Fairfax. Miss Nommensen was a Palm Springs school teacher.

She is survived by her mother, Mrs. Olga Nommensen of Shawano, Wis., and two sisters, Mrs. Murphy and Mrs. Gretchen Duchac of Baltimore, Md.

Funeral services will be held in Shawano, Wis. Keaton's Mortuary, San Rafael, is handling local arrangements.

MRS. BALZARINI

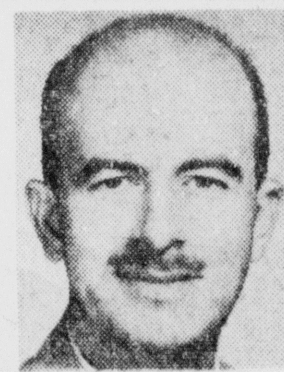

Mrs. Giovanna Balzarini, a resident of San Rafael for 52 years, died today at her home at 12 First Street after long illness. She was 93 years old.

She was the widow of Angelo Balzarini, who was an employee of the Northwestern Pacific Railroad.

Mrs. Balzarini was born in Vergeti, Italy.

She is survived by three daughters and a son, Mrs. Susan Lowe of Sausalito and Mrs. Louise Berini, Mrs. Katie Keegan of San Rafael, Mrs. Susan Lowe of Sausalito and Eugene (Gene) Balzarini of San Rafael. She also is survived by six great-grandchildren.

High Mass of Requiem will be offered at St. Raphael's Church at 9:30 a.m. Wednesday, with the funeral cortege forming at Harry M. Williams Mortuary at 9 a.m. The Rosary will be recited at 8 p.m. tomorrow at the mortuary. Interment will be in Mount Olivet Cemetery.

Check Your Spine As Well As Your Car

by Dr. Robert W. Pearce

The wise motorist will have his car checked and repaired as soon as any of the important parts begin to show signs of wear and tear. Most car owners know that continued driving of an automobile with a faulty carburetor or distributor will cause damage and inefficiency in other parts of the vehicle.

The same thing happens when disease overtakes us. If we neglect a digestive fault for instance, the intestines, liver, gall bladder, circulatory system, the heart and other organs soon will begin to lose their efficiency because of the extra demand placed upon them.

But because of the body's amazing system of defenses, some time may pass before we notice the symptoms which indicate disease. Symptomatic pain is a warning signal that something is wrong and requires attention.

Most of us agree with the old saying that an "ounce of prevention is better than a pound of cure." But how can

we be sure of prevention? The nervous system is the master system of the body. When the flow of nerve energy to any organ or part is blocked, disease will occur in that organ or part. Such interference in the nervous system nearly always occurs in the spine, which carries the main nerve cables.

When a spinal bone or vertebra is pushed out of line by a fall or an accident, it will press, pinch or stretch one or more of the nerves inside or just outside the spine. As a result, the organs affected will not get their proper nerve supply and may become diseased. The obvious answer then is to repair the nerve supply.

Chiropractors specialize in finding and correcting nerve interference in the spine. The adjustments they are able to make with their trained hands are painless and effective.

Dr. R. W. Pearce, D.C. practices the Palmer Method. His office is at 1628 Fifth Ave., San Rafael, GL 3-6201. (Adv.)

SORT OF SINGING FOR SUPPER

"Skeeky-Nose," a talented box turtle, stands on his hind legs for dinner held by his mistress, Becky Layton, 9, of Leavenworth, Kan. Becky found the turtle about a month ago and feeds him worms and lightning bugs. (UPI Telephoto)

Friend Of Barbara Graham, Santo Getting Paroled

CARONA (UPI)—Harriet Henson, sentenced to life imprisonment for her part as a member of the Santo murder gang which included Barbara Graham, was to be paroled today from the California Institution for Women.

Miss Henson, mistress of Jack Santo, leader of the gang, has served seven years.

The 38-year-old former waitress helped send her lover, Mrs. Graham, and Emmett Perkins to the San Quentin gas

chamber in 1955 for the robbery and murder of Mrs. Mabel Monohan in Burbank.

She sent Santo to his death for the 1951 gold hijacking and murder of Edmund G. Hansen of Nevada City, and the 1951 robbery massacre of grocer Gard Young and three small children near Chester.

On-the-job training in more than a score of occupations is provided to patients at the South Carolina State Hospital.

14,000-MILE JOURNEY

Lehi Skipper Plans 'Drift' From Osman

REDONDO BEACH (UPI)—An ex-shipyard owner who once drifted on a raft from California to Hawaii plans to dwarf that feat by riding the ocean currents for 14,000 miles.

DeVere Baker will take his \$50,000 Lehi V on its first practice cruise to Santa Catalina Island at the end of this month to prepare for the scheduled December adventure.

Baker, his wife and a crew of eight hope to drift from the tiny country of Osman, bordering Saudi Arabia, through the Indian Ocean and China Seas and the Straits of Malaya to the Pacific Ocean—and eventually to the United States.

This, according to the Mormon adventurer, will prove the plausibility of a theory that an ancient Semitic people emigrated to Central America 2,000 years ago using raft-like vessels on a 344-day journey.

Three years ago Baker drifted from California to Hawaii

in 69 days to prove that ancient peoples could have traveled from the North American continent to the islands using only rafts and ocean currents. That was in the Lehi IV.

The Lehi V is 40 feet long and 20 feet wide and has a single, collapsible mast rising 30 feet from the deck. The craft will have six diesel outboard motors for emergencies.

Baker is financing the trip through lectures and aid from the Redondo Beach Chamber of Commerce.

\$200 In Doors Stolen From Building Site

Someone stole some doors valued at \$200 from the Eichler Homes being built in Terra Linda Valley, San Rafael police have reported.

John W. Hooter of Cupertino, one of the construction employees, called police Thursday afternoon and said two plate glass doors from a home being built on Cabrillo Court were stolen. He said nine mahogany doors were stolen from a home under construction on Duron Drive.

Six Airmen Die In Wreck

SANTA BARBARA (UPI)—Six airmen died yesterday as the result of what an ambulance driver called the worst accident he had ever seen.

The men, all stationed at nearby Vandenberg Air Force Base, were in a car which struck a tree, flew into the air and exploded about 10 feet off the ground, the California Highway Patrol said.

Five of the servicemen died at the scene and a sixth died hours later at a hospital.

The CHP said the car must have been going about 100 miles an hour when it hit the tree.

Drag Race Fatal To 4 Teen-Agers

MODESTO (UPI)—Death won a bloody victory in a drag race on a rural Modesto road during the weekend.

Four teen-agers died and five other youths were injured in a high-speed accident.

"We weren't going very fast," said the driver of the car that stayed on the road, "only about 70 or 80."

"It was about 1 a.m.," the driver, Anthony Lopez, 20, told police.

"I passed (Larry) Latham and figured the race was over . . . but Latham still kept coming. He pulled alongside, then started to pull ahead. He swerved in front of me, clipping my left front fender."

Lopez' car skidded and came to a stop 40 feet away. Latham's auto went out of control and screamed off the road, smashing into a walnut tree on the fringe of an orchard.

Latham, 18, Ronnie Hunter, 18, and Billy Cole, 16, were dead when police arrived. Chris Honnert, 18, died later.

The National Pike, the first main American road built with Federal money, was begun in 1806. It led pioneers from Cumberland, Md., to the territory northwest of the Ohio River.

BIG CROWD FOR OUTDOOR CONCERT—The benches and chairs in Forest Meadows would not hold all the throng that turned out yesterday

afternoon to hear pianist Jose Iturbi perform on the summer's second concert under Marin Music Chest sponsorship. (Independent-Journal photo by Jim Kean)

HE'S STILL TOPS

Pianist Iturbi Draws Large Crowd At Concert

By MAYBELLE SPECKMANN

Pianist Jose Iturbi, who has been on the musical scene a long time, proved yesterday afternoon at the Marin Music Chest's second concert of the summer series that he has not lost what made him a world figure.

Widely known, partly because of his appearances on mass entertainment media, he attracted one of the largest audiences seen recently at Forest Meadows. All seats were filled and some people were standing.

Wisely choosing some of the fine works of composers who were masters in the art of writing for the piano, Iturbi showed that his forte is performance of compositions in the best of the romantic tradition and in the Spanish national idiom.

Though possessing virtuoso elements, the numbers on his program were not mere technical showpieces but solid achievements in musical thought and form, such as Schumann's "Etudes Symphoniques," Chopin's Sonata in B Minor and Brahms' Variations on a theme by Paganini, Book II.

Iturbi's playing was characterized throughout by a powerful projection of the melodic line and theme and dextrous handling of arabesque and musical embellishments such as glittering runs.

Narcotics, Medical Bag Taken From Car

Dr. Edward A. McCrum of Ross reported to sheriff's officers the theft of his medical bag, containing narcotics, from his car while it was parked in Tiburon Saturday.

Dr. McCrum told officers his car was parked on Paradise Drive near Main Street from 8:45 p.m. to 10:30 p.m. The bag contained a quantity of morphine and five vials of demerol.

Social Security Tax Increase Is Proposed

WASHINGTON (UPI)—The administration today boosted by 10 per cent the increase it recommended in social security taxes to finance a proposed program of medical care for the aged.

Abraham Ribicoff, secretary of health, education and welfare, announced the change in cost estimates of the program at the opening of congressional hearings on the controversial issue.

Ribicoff was the first witness as the House Ways and Means Committee opened two weeks of public hearings. No action was slated on the legislation this year. The administration is attempting, however, to lay the ground work for victory when the showdown comes next year. The outcome is uncertain.

HIGHER TAXES

The administration program would provide hospitalization and nursing benefits for about 14 million persons 65 or older. The new benefits would be financed by higher social security taxes.

Ribicoff said enactment of the administration's proposal would be a "landmark" comparable to the original social security law of 1935 in promoting "freedom from fear—the fear of economic insecurity."

He said the administration's proposal is actually the most conservative yet advanced toward a solution of the problem of how to finance the "higher-than-average medical costs" of elderly persons with "lower-than-average financial resources."

MEDICAL CARE

The way to do this, he said, is through social security taxes so that workers during their working years will pay for the medical care they need starting at age 65.

Ribicoff said a new study by the Social Security Administration showed the need for the boost in the estimate. The survey showed, he said, that tax revenue equal to 0.66 per cent of payroll covered by the social security program would be needed to pay for the new health benefits if there is a "substantial increase" in the use of nursing home and home health services.

The pipe will be from two to four inches in diameter and connect with the main gas line at Atherton Avenue and Bugaia Lane, where construction will begin Wednesday.

Gas Pipeline Construction To Start Wednesday

Construction will begin Wednesday on a seven and one-half mile pipeline which will bring natural gas to Black Point Residents.

Pacific Gas and Electric Co. spokesmen said today the line would be completed in about three months. Residents of the area east of Novato have been requesting the service for years.

The pipe will be from two to four inches in diameter and connect with the main gas line at Atherton Avenue and Bugaia Lane, where construction will begin Wednesday.

The more than 150 residents who have signed up for the service will have their \$50 deposit refunded when service is established in their homes. PG&E representatives said.

Carburetors Stolen From Show Auto

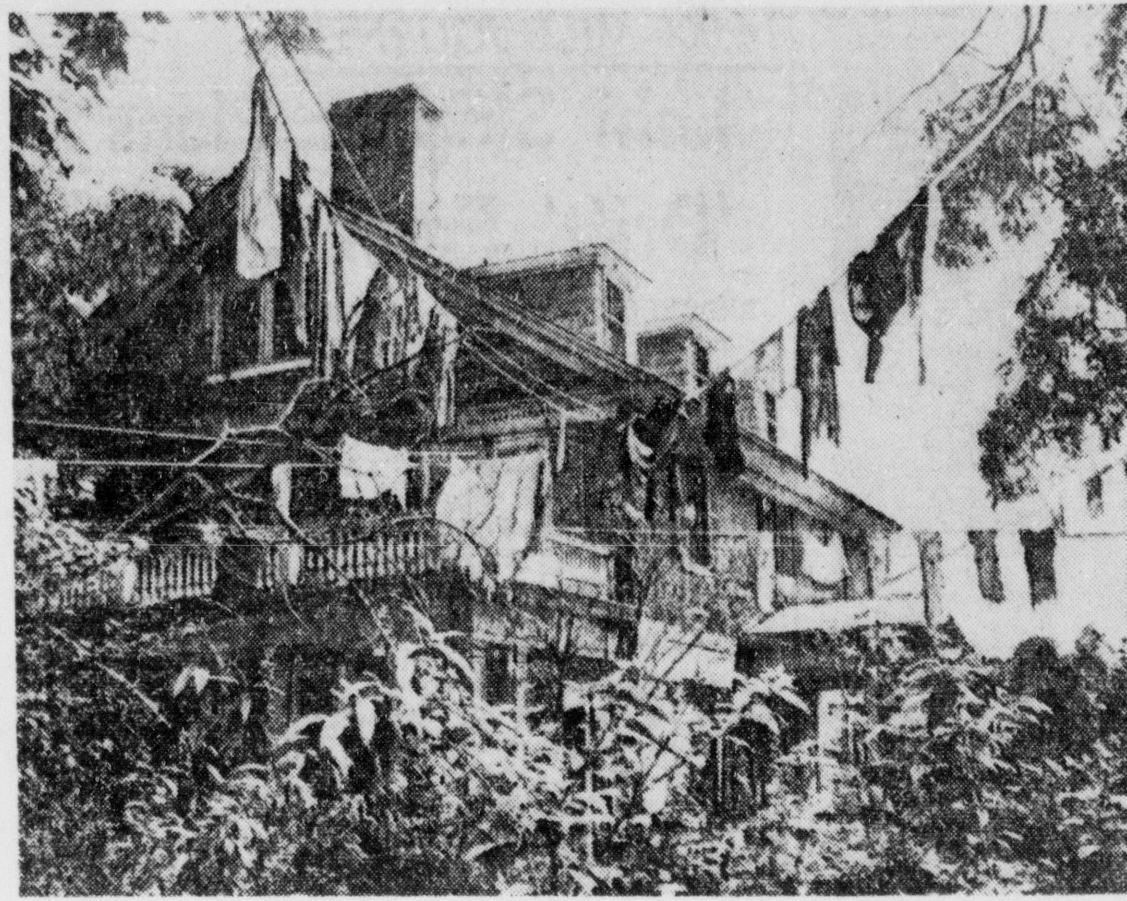

Edward James Hegarty of Richmond told San Rafael police today somebody stole a manifold and three carburetors from his show car while it was parked behind the King Cotton Restaurant in San Rafael.

Hegarty said he had stopped in San Rafael on his way home from an auto show in Santa Venetia. He valued the loss at \$200.

Hotel Gets 15-Day Liquor Suspension

SACRAMENTO (CNS)—The state department of alcoholic beverage control has ordered a 15-day suspension of the on-sale general liquor license of Charles J. and Garnet L. Capelli and Robert D. Tillinghast, Flatiron Hotel, 724 B Street, San Rafael.

The suspension, which takes effect Aug. 13, was ordered on three counts of serving a minor and permitting him to remain on public premises.

CLOTHESLINE TAX-RATE PROTEST

Dr. Webster Stover, angry over taxes on his 34-year-old home at Rye, N.Y., protested by stretching clothes lines and hanging assorted garments

and rags. Stover, former head of Arnold College at New Haven, Conn., said he paid \$8,000 for the home, and that now taxes run more than \$1,000 a year. (AP Wirephoto)

Session Due On Novato City Budget

Novato city councilmen will meet at 8 p.m. today in the Novato Chamber of Commerce office for their second budget study session.

Citizen representatives backing a recreation program for this summer promise they will have cost estimates in hope the council will budget funds.

A representative of the chamber of commerce is expected to request \$7,000 from the city for printing of brochures, maps and promotion material.

The meeting was shifted from the city hall site to the chamber office at 864 Grant Avenue in the patio, because the Novato Planning Commission is meeting at the city hall.

The council will hold its regular meeting at 8 p.m. tomorrow at the city hall.

Ranch Worker, Wife Injured

A Bakersfield ranch worker and his wife suffered minor injuries Saturday when their truck was rammed from behind on the Richmond-San Rafael Bridge.

William E. Parker, 53, and his wife, Mayme, 51, suffered cuts and bruises and were taken to Brookside Hospital in Richmond. California Highway Patrol reported Parker's west-bound truck stalled on the bridge just past the toll plaza.

His truck was struck by John Francis Lundberg, 23, of 25 Golden Hind Passage, Corte Madera. Lundberg is a truck driver for Lundy's Wood Products, of 36 Simms Street, San Rafael.

East German Christians Flee To West Sector

BERLIN (UPI)—An estimated 10,000 East German Christians poured into West Berlin yesterday for a Protestant church rally in defiance of their Communist rulers. Many decided to stay.

The East German Christians joined 70,000 other West German faithful in a mass meeting ending a five-day Evangelical Church rally in West Berlin's giant Olympic Stadium.

Another section of the rally had been scheduled for East Berlin but the Communist regime there banned it and told Protestants not to try to join the meeting in West Berlin because church leaders supported "NATO and militarism."

Western officials estimated that 10,000 of them crossed over anyway. Most had to return to homes, jobs and families but many sought asylum in the west, they said.

In the 48-hour period up to noon yesterday, 1,740 more East Germans fled to freedom through the West Berlin "escape hatch." This month alone, nearly 22,000 have sought refuge from the Red regime, fearful that the border will be sealed when Russia signs its "peace treaty" with East Germany.

Mormons Fete Event In Utah

Members of the Latter-day Saints Church today commemorated the arrival of the first Mormon pioneers in the Salt Lake Valley of Utah 114 years ago.

Newell B. Stevenson, bishop of the Greenbrae Ward, said some 200 Mormons from the Greenbrae, San Rafael and Novato wards celebrated the anniversary Saturday at a barbecue at Penngrove Park, near Petaluma. Santa Rosa Stake President Weston L. Roe of Novato was the speaker.

IN ACTION — The North Carolina Sixth Regiment is seen as they closed into hand-to-hand combat, overrunning the position held by the Minnesota First in the re-enactment of the

First Manassas—or Bull Run—battle yesterday at Manassas, Va. The U.S. flag seen at the left marks the line of Federal troops, some of whom can be seen advancing to meet the Carolinians. (AP Wirephoto)

Manassas 'Battle' Profitable

MANASSAS BATTLEFIELD, Va. (U)—A big dream of Civil War buffs may be a bit nearer realization today because of the grand commemorative staging of the first battle of Manassas or Bull Run.

Maj. Gen. William C. Fry (ret.) hard-working manager of the spectacle staged in heat that reached 102 degrees, said he hoped not only to clear expenses of about \$175,000 but to have some left over to put in the kitty for a Civil War Hall of Fame at Manassas.

A five-million-dollar drive is under way to establish the Hall of Fame. No dead museum of the old-fashioned type, it would include such features as revolving chairs from which visitors could watch battles unfold on

devices mounted on the walls. It would stress, not old enmities, but present amity.

Capt. Eugene H. Breitenberg, U.S.A., who read the prologue before each enactment, said: "This is a commemoration of the American heritage, a reminder of a spirit that must be ever renewed. The men of the

Treated For Burns

Frank L. Winter, 51, of 105 Gloria Drive, San Rafael, was treated at Marin General Hospital Saturday night for burns on his legs. Winter, while working in his basement, spilled gasoline on his legs and the gas ignited and burned his right leg below the knee and his left ankle. He was released after treatment.

Civil War had deeply rooted beliefs and were willing to fight for them."

The rehearsal on Friday developed some bugs, as rehearsals always do, but the show got progressively better Saturday and yesterday. The blues and grays—many of them teenagers—stood up to the heat in their old-time woolen uniforms to fight the surging mock battle back and forth across the Manassas hills.

Meeting Postponed

The Timalpais Valley Fire District meeting set for tomorrow night has been put over to Aug. 3 because of lack of a quorum. Chairman Raymond J. Massagli announced today.

Judge Won't Lift Ban Against 'Red Actors'

State Fair Publicist Shot In Foot

SACRAMENTO (U)—Paul Brown, 38, publicity director for the California State Fair, was shot in the foot yesterday during a family argument.

Sheriff's officers booked Brown's wife, Bobbie Jo, 29, on a charge of assault. They said she admitted holding the gun, but said she did not remember firing it.

Officers said the argument started when Mrs. Brown ordered her husband to leave the house. One of two bullets fired from a .38-caliber revolver struck Brown between the toes of his right foot. He was treated at a hospital and released. The couple had been living apart.

Brown came to Sacramento a year ago from Reno, where he did public relations and television work.

Records, Liquor Taken From Home

Patricia M. Murphy, a San Francisco nurse, reported to sheriff's officers Saturday that somebody had broken into her summer home in Lagunitas and stolen a hi-fi set, several records, some liquor and many knick-knacks.

Miss Murphy said she had not been to the summer home in two months.

Carpenter 'Critical' After Wreck

A San Rafael carpenter was in critical condition today with a fractured skull at Kaiser Hospital in Oakland after his auto ran into a utility pole 100 feet north of the southbound Waldo Tunnel at 6:10 p.m. Saturday.

Frank C. Reed, 37, of San Francisco, was examined at Marin General Hospital before being transferred to the Oakland hospital Saturday, the day of the accident.

California Highway Patrolman James J. Flynn said Reed's southbound auto ran off the road and hit the light pole to the right of Highway 101. Reed was thrown from the car.

Flynn said he smelled alcohol on Reed and requested a blood sample be taken at Marin General. Flynn said he could not question Reed because of the apparent serious injuries.

Marin Freedom Rider Arrested At Jackson

"The test of a person's belief is in actions," said Candida Lall, 18, of 110 Madrone Avenue, Larkspur, when she boarded a plane in San Francisco Saturday morning to become a Freedom Rider.

The plane took her to New Orleans where she boarded a train to Jackson, Miss. There her trip was interrupted yesterday as she was arrested as a Freedom Rider.

Miss Lall and five other Freedom Riders from the Bay Area were arrested for entering the Negro waiting room at the Jackson railroad terminal.

She was born and reared in San Francisco, and moved to Larkspur four months ago to live with friends, Mrs. Lee Prickett and her daughter Terry Lee, at 110 Madrone Avenue.

Miss Lall was working for an insurance firm in San Francisco and studying to be a writer," Mrs. Prickett said.

"I tried to talk her out of it," Mrs. Prickett said of the girl's decision to court arrest and a six-month jail sentence by being a Freedom Rider.

Puppet Show Friday At Marindale School

The Pumpnickel Puppeteers presented the story of "Sleeping Beauty" Friday for the children in the summer recreation program at Marindale School for the orthopedically handicapped.

Giving the performance were puppeteers Elaine Mitchell and Don Deane. They present "Sleeping Beauty" regularly at the Sausalito Little Theater Saturdays and Sundays at 1 and 3 p.m. Performances of "Jack-in-the-Beanstalk" are planned for the future.

Why a railroad took up prospecting in the West

All over the West and Southwest the Santa Fe engineering department is constantly helping industries by locating deposits of minerals and ores that are vital to the economy of the booming West. Santa Fe takes a neighborly part in every community it serves—so its engineering department is always ready to share its mineralogical research information with those who can benefit from it.

TODAY'S EDITORIAL

Juvenile Offenders Should Be Punished, Not Coddled

"What you should do," said the lady who came to our office the morning after the tunnel fire and cave-in, "is carry a strong editorial about these young fire bugs."

The lady went on to say that parents don't exercise firm enough control over their sons and daughters any more and she cited examples from her school teaching experience to prove her point.

Later the same day another lady called to add her opinion that the I-J should editorialize against children starting disastrous fires.

Parents, she said, should be held liable for damages. The youngsters should be made to work all summer as punishment for their misdeeds, she added.

And there were suggestions Friday that the youths who started the tunnel fire should be brought from juvenile home to witness the recovery of the body of the fireman who lost his life in the ensuing cave-in.

Dist. Atty. Roger Garety expressed his attitude by announcing his intention to bring what amounts to murder charges against the boys who admitted the fire.

We agree with those who advocate stronger measures in dealing with youth.

Somewhere in fairly recent history here in California we seem to have stopped punishing youths for crimes.

Now we make them wards of superior court; we rehabilitate them, we care for them, but we never seem to punish them.

Is this right?

The lady who taught school for many

years says "NO." She says children behave better and grow up better adults if disciplined sternly, swiftly and firmly for their childhood misdeeds. Forgiveness without discipline, she says, makes them unruly.

And we think she is right.

We once overheard a judge's wife say that the Marin County Probation office never found fault with a juvenile offender. Some outside circumstance or person other than the offender was always to blame; never the offender, according to probation office reports in Marin—the judge's wife was overheard to say.

I-J reporters who have covered the police beat have for years felt that juvenile offenders in Marin often were coddled, never punished.

But juvenile justice matters under state law are confidential. No interested citizen may attend juvenile court sessions nor examine records, unless authorized to do so by a qualified judge. And we can't ever remember a judge allowing an I-J reporter to "cover" the case of a juvenile whose offense was of wide public interest.

Because of this curtain of secrecy, we don't really know whether our courts and our juvenile officers are handling matters satisfactorily or not.

As the lady who taught school said, the law ought to be changed to require juvenile court proceedings to be held in public and juvenile court records to be open to public inspection.

Then we would know if part of the trouble stems from "coddling" of young hoodlums by the authorities.

The Peril Of The Patio

Hear that angry buzzing outside the porch screen? Hear the tiny thudding of their tiny little bodies against it as they smell the meat inside? Who is it? Who else? The terror of the terrace, the peril of the patio — Mr. Yellow Jacket himself.

No dainty sipper of flow nectars, like his communal cousin, Miss Honey Bee, old Yellow Jacket is a lusty meat eater. Quite fond of canned tuna, sardines, corned beef, ham and lamb, the striped rascal also dines upon spider, though for him they are mostly baby food. But Mr. Yellow Jacket will gladly share your desert, if no meat is available. He

is an insect of quite catholic tastes.

Sometimes called Mud Dauber for the little cells of mud which are his nest, Mr. Yellow Jacket has a bad name in Marin. The slightly poisonous stinger in his tail makes him an unwelcome guest at the picnic or barbecue. True, he is sparing of its use because, although it may be sweet revenge, for him it means suicide.

Yet he is so dim-witted it is impossible to understand what movement on our part or by the neighbor's dog might arouse him sufficiently to inflict a painful sting on us. That's why we don't like him.

HAL BOYLE'S COLUMN

If You Laughed At Marigold Crisis —You've Another Laugh Coming

By FRANCIS STILLEY

NEW YORK (AP)—Everybody laughed at me a while back when I wrote of some pesky birds yanking marigold plants out of my garden and zooming off with them. Now, heh, heh, I have the last ha, ha.

My veracity—and my sanity—has been upheld by some nice folks who kindly wrote from various parts of the country to say I wasn't goofy.

Just listen to this, from Mrs. A. W. Thornton of 5 Ma-

ple St., East Longmeadow, Mass.:

"I believe you because we've had the same thing happening here. The bird is a starling."

"Also, when we have zinnias a small yellow bird has pulled off the petals and dropped them on the ground. We could not understand why—unless it is to get at the seeds."

"Anyway, it is very discouraging to plant flowers and have them destroyed. But we

don't know what can be done about it."

"Hope such a thing doesn't continue."

Thank you very much, Mrs. Thornton—but I must say I'm beginning to worry about my zinnias now.

Now here is another communication, from Elmer F. Korilla of 239 Terrace Ave., Hasbrouck Heights, N.J.

"I read your piece about the vanishing marigolds. You are not goofy or batty, for I had it happen to me."

"The marigold-snatcher is that reprobate, flop-house and skid-row character of the avian world, the starling."

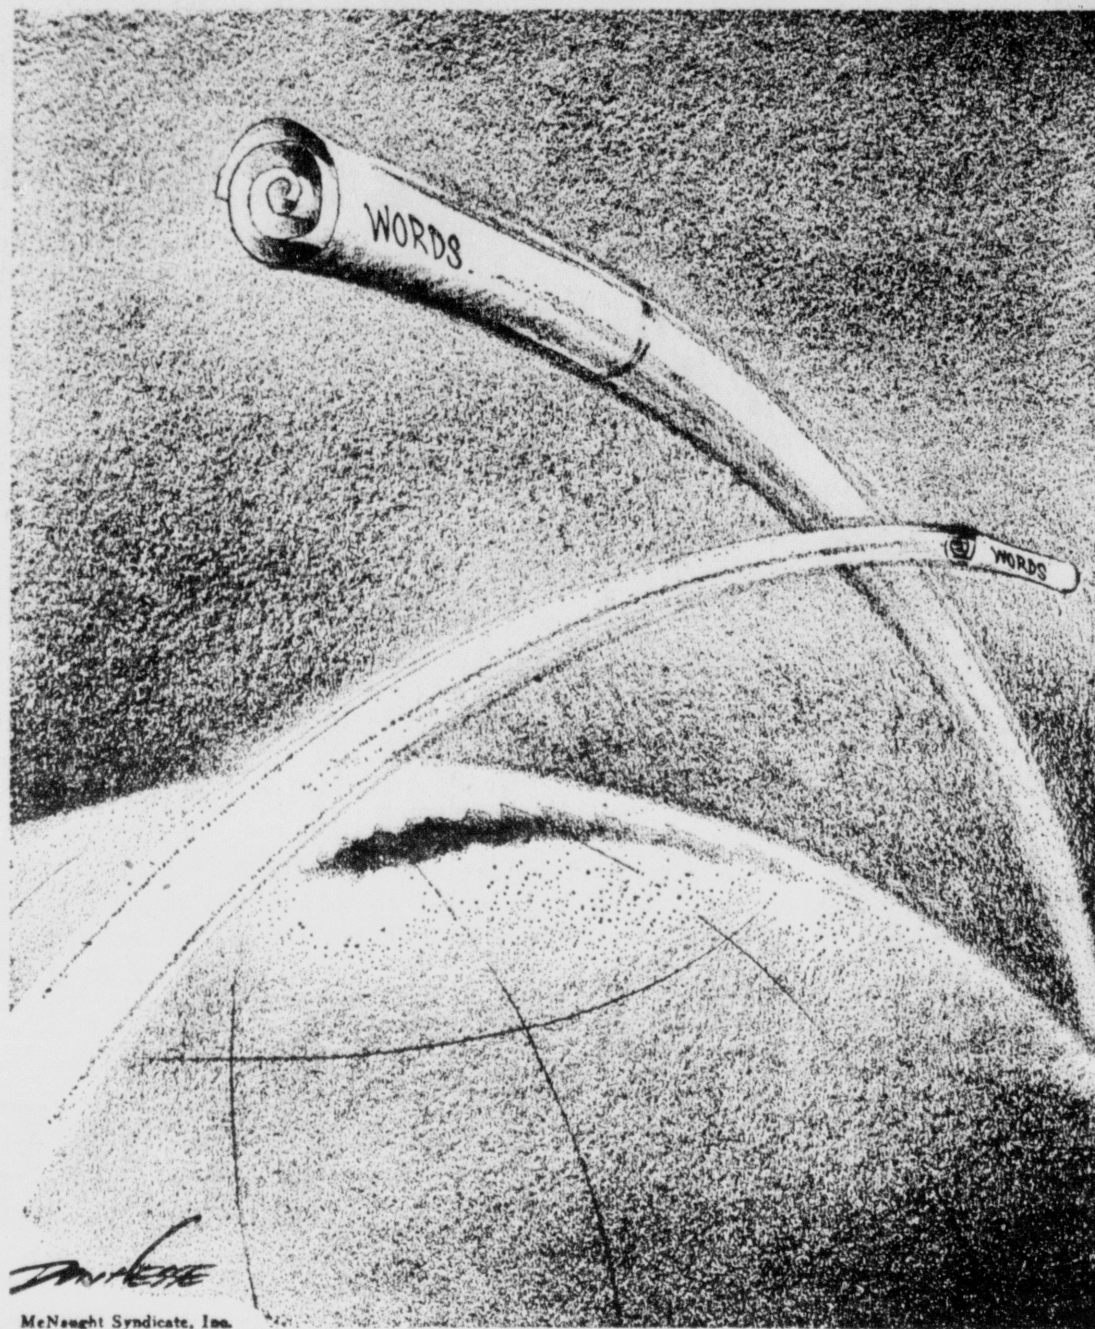

"Heaven forgive me for maligning one of God's little feathered creatures, even when he always looks as though he had just been kicked off a slow freight, and sometimes tries to kid people into thinking he is a mocking bird."

"We have a sizable planter across the front of our garage roof. A family of these wacky characters nest somewhere about the house next door—in the attic, I suspect."

"In the a.m. during winter and early spring they sit on the edge of their roof and cuss me out when I go off to work we talk to each other. 'Perhaps you might try shaking some moth flakes on the plants late at night. I don't know whether that would deter them—they are such nutty birds they might also carry off the flakes.'"

"Hope this lets you feel a bit better."

PRELUDE TO WHAT?

WHAT OUR READERS SAY

Super Patriot In Good Company

EDITOR, Independent Journal:

Most of Mrs. Fenton's harangue in Wednesday's I-J can fall of its own weight, but I would like to say that my membership in the Marin Council for Civic Affairs, and that of everyone I know, has nothing to do with the results of past supervisory elections, but only with the bizarre actions of a majority of the supervisors which "coincidentally" began in January when Messrs. (1) Blair and Lady joined Fusselman on the Board.

I am a young housewife with children aged 3 and 6 and 9 and am extremely busy in their activities as well as my own. I certainly have more to do than run about supervising the supervisors and circulating petitions. All of us involved in the recent referendum petition would have been delighted and relieved if we could have avoided the whole hard job, but unlike Mrs. Fenton, we do care enough to take the time to act for what we believe to be the welfare of our community.

I don't mind being labelled a Super Patriot. I seem to find myself in good company.

Irish Hurrah For Knocknaboul Way

EDITOR, Independent Journal:

I read the article in the Independent-Journal July 19 changing the name of Knocknaboul Way to Sandelwood Avenue with much interest. The fortitude of Mr. Tarrant to lift himself out of the common class of Spanish names, that are meaningless to most, and stay away from names that are used four or five

times in Marin County such as Hillside, Maple, Marin, etc. deserves a vote of thanks from all.

Marin County, that takes pride in its planning of buildings and landscaping, certainly leaves much to be desired in the naming of its streets.

What is wrong with Knocknaboul? If you can't spell it, just ask my five year old daughter. I vote to keep the name Knocknaboul, and to quote my wife, "Hurrah for the Irish."

DICK SUSMAN

San Rafael

Foolish Attack On Liberties Unit

EDITOR, Independent Journal:

Mr. Walter McGovern in his foolish attack on the American Civil Liberties Union in his letter to the I-J Wednesday (July 19) reveals the weakness of obsession—in his case an obsession that Reds are hiding under every American bed. Apparently he would burn all of our beds.

The American Civil Liberties Union program is a very simple one: It is to defend the rights of everyone under our Constitution. We may not always agree with the views of those we are defending but then neither did our Founding Fathers when they wrote freedom of speech into the Constitution. Just as you can't be just a little bit pregnant, so you cannot also have just a little bit of freedom of speech. Either you have it, or you don't.

As for the House Un-American Activities Committee, its record is clear. It has produced no legislation and has uncovered no facts about

Communism that the FBI was not aware of. On the other side of the coin, it has harassed witnesses, stifled debate, falsely accused scores of persons, and persecuted and hounded others—all in the name of "un-Americanism."

In its film "Operation Abolition," the House Un-American Activities Committee proved its real intent: not to silence Communists, but to silence all discussion, talk and thought it does not agree with. In producing the film it mangled the truth in such a massive distortion that even FBI chief J. Edgar Hoover admitted the inaccuracies. Recognizing the film's dishonesty, the Defense Department last week ordered it withdrawn from circulation among our armed services.

The objectives and program of the ACLU have had the support of Presidents Roosevelt, Truman, Eisenhower and Kennedy and there is no need to defend its record for it is a very simple and honest one of protecting the Constitutional rights of all Americans, including yours Mr. McGovern.

REMEMBER WHEN

10 YEARS AGO

County Agricultural Commissioner Thomas W. Peryam announced that Marin County farmers cut production in 1950 but earned almost half a million dollars more than in 1949 nonetheless. Livestock dropped nearly 1,200 head but the farmers got \$88,000 more than the previous year.

Creation of the position of county administrator was among sweeping changes in Marin government recommended in a report to the supervisors from the firm of Louis J. Kroeger and Associates, hired last January to make a study of administration, job classification and pay.

Larkspur's city council urged a uniform county curfew ordinance to make Marin youngsters get off the streets early.

Marin County supervisors enacted a five-day work week for county employees with exception of the sheriff's office, fire and radio departments and the county hospital and farm. County offices were to stay open to 6 p.m. daily.

A. E. Almcants, becoming acting city manager and clerk in Mill Valley, got prompt council ratification of his first official action—appointing all city employees to continue in their jobs.

Muir Woods National Monument increased in size by 70 acres by proclamation of President Harry Truman. Plans were announced for repair and repaving of the parking lot.

REPORTER'S NOTEBOOK

By DEE DEE ABRAMSON

Summer In Tiburon—So Rumor Keeps Populace Stirred Up

With the advent of summer and lack of the usual number of meetings on the Tiburon Peninsula, the usual crop of rumors is keeping the populace stirred up the length of the peninsula.

One of the more interesting ones is that Peter Wie's home on Paradise Drive, next to the somewhat controversial Elephant Rock fishing pier, has been sold to a local Tiburon restaurateur for the site of an expansion of his present Main Street eatery.

It is well-known that the present owners of the attractive home on pilings were highly annoyed when the fishing pier went in, because of the influx of people who could stare right into their living room.

Development of the present house into a restaurant will make an interesting asset to that portion of Tiburon Boulevard. Principals in the venture are mum to this reporter, of course.

We hope that the future restaurant's nearness to the Tiburon Sanitary District treatment plant won't throw any hooks into the deal.

SPEAKING OF the district treatment plant, one comment on the current controversy over whether or not to incorporate the peninsula, occurred when its opponents called the proposal "a paper city" at the same time proponents suggested use of the treatment plant offices as the site of the future city's offices.

FOLLOWING OUR recent notebook on the ability of people to have their say at Reed Union School District trustee meetings, a large number of residents were on hand

at the next meeting to hear the following remarks by a trustee during a discussion of items to be included in capital outlay for the 1961-1962 budget.

When fertilizer for the Reed School turf was included, one of the long-time trustees exploded in objection with "fertilizer on capital outlay... why that is a lot of..." at which point he stopped, while the audience howled.

When a staff member remonstrated with "if it's brand new, it has to be included," the same trustee countered "Well, it's not new at all." At which point, the entire board and the audience broke into uncontrollable laughter, and the matter was referred to the next meeting.

RESIDENTS OF the Hill Haven area in Tiburon are already beginning to feel the heat of the upcoming incorporation fight, even more so than other portions of the peninsula.

The reason? Very simple. The two leaders of the opposing factions live only one block from each other. Although their children still play happily together and their wives speak, there is a noticeable coolness prevalent when the two meet.

What makes it even more interesting is that this reporter lives also one block away from each of them, all of which makes for a situation.

TIBURON FIRE Chief Frank J. Buscher seems to have recovered well from his recent bout with the chickenpox, which felled him for a week or so.

Luckily, he didn't expose his infant son!

JOSEPH ALSOP

JFK's Shake-Down Cruise Ends; He's Cured of Over-Optimism

WASHINGTON—The shake-down cruise of the Kennedy administration ended last week, not many days after the end of the President's first half-year in office. The last phase, enduring a full six weeks, was the laborious effort to chart a course for the Berlin crisis; and this has now been done.

The sometimes bewildering events of these past six months is a rather minor and seemingly irrelevant anecdote. While in Paris, the President read one of the criticisms of his journey abroad that were then being published. He had just seen Gen. de Gaulle, he had been enormously impressed by him, and had established a useful rapport. Stung by the editorial criticism (as he always is, and to an undue degree), he burst out:

"I'd been briefed backwards for hours on end about de Gaulle's character and views; and I'd read every damned paper about our disagreements with him. But I didn't really know what the man was like, and I didn't see his viewpoint in the right perspective, until I talked with him myself. That's enough to justify this trip."

The point of the anecdote is that this exceedingly intelligent man, who devours print with such astonishing voracity, is nonetheless one of those people who learn best by direct experience.

It took a lot of exceedingly rough direct experience to cure the President of the over-optimism he brought to the White House on Inauguration Day.

Kennedy's initial over-optimism was humanly understandable. As the first member of his church to reach the Presidency, he had just done what many were saying could never be done only 12 months earlier. To do this, he had taken a whole series of hair-raising political risks; and he had been rewarded every time. Now he saw almost the whole country openly glowing with pleasure, at the novel

spectacle of youth, energy, and a new style in the White House.

It was enough to persuade anyone that the long-shots would always gallop home if he backed them. And he duly backed them, most notably in Cuba.

In terms of its practical after-effects, Cuba was not as bad an error as Laos, where he talked tough and then did nothing. And Laos, in turn, was not as bad an error as the failure to demand, at the very beginning of the Administration, the kind of increased defense effort that is now to be undertaken. Yet Cuba left the ugliest heritage of scars of every kind.

EVEN SO, remnants of over-optimism clearly persisted until the confrontation in Vienna with Nikita S. Khrushchev. The President had hoped, with some justification, that if he talked to Khrushchev with calm but stern precision, he might then receive a calm and sensible reply.

Just as seeing was understanding in the case of de Gaulle, so seeing was believing in the case of Khrushchev. Previously, Kennedy had not quite convinced himself that Khrushchev was borrowing pages, with cunning calculation, from the book of Adolf Hitler. But now he was convinced; and he had the Berlin crisis to cope with, as well.

WHO LEFT THE WINDOW OPEN?

In comes a deer through the open window at the Keith Cutsforth ranch near Sisters, Ore. The picture was snapped by Mrs. Cutsforth, who said the young mule deer came out of the

woods and wanted to be friendly. "It was a chore keeping him out of the house," she says. After 10 months the deer disappeared. Her son's head is in the foreground. (AP Wirephoto)

'Worst' Hawaii House Blaze Fatal To Five

HONOLULU, Hawaii (UP)—An army Colonel, his wife and three of his five children burned to death early today in the worst residential fire recalled in Hawaiian history.

Fire Chief William Blaisdell identified them as members of Army Lt. Col. Harold Hicks' family. Names of other members of the family were not available immediately.

Blaisdell said he could not recall a residential fire that burned so quickly and killed so many.

The fire was reported at 2:40 a.m. at Hicks' home on the

windward side of Oahu Island in the community of Enchanted Lakes. Witnesses said Hicks and his wife were seen coming out of the burning house, but returned inside when they realized the children were not out.

Hicks and his wife were found by firemen in the bathroom, a child was in the living room, and two other children were found in their beds, Blaisdell said. The two children who escaped the fire were taken to Tripler Army hospital.

Hicks, a holder of Silver and Bronze stars, was a member of Adm. Harry D. Felt's, commander in chief of U. S. forces, Pacific, planning staff. He entered the Army in 1937 from Missouri.

Sideswipe Puts Driver In Hospital

Mark S. Goodman, 22, of Ohio, was in satisfactory condition with chest injuries in Marin General Hospital today after an almost head-on auto crash as he drove west on the wrong side of the Tiburon Highway Saturday night.

Goodman, driving a car owned by Ben Rickberg of 41 Acacia Avenue, Belvedere, whom he was visiting, sideswiped an eastbound car driven by Mervin Donald Field, 20, of North Point Circle, Belvedere, the California Highway Patrol reported.

The Highway Patrol said Goodman apparently was asleep at the wheel, and may have been under the influence of medication.

Mill Valleyan Picked Up On Morals Charge

Helmet G. Miersemann, 55, of 94 Sycamore Avenue, Mill Valley, was arrested Thursday night on a morals charge involving a minor girl, Police Chief Dan Terzich reported.

Chief Terzich and Patrolman Edward Gregg made the arrest at Miersemann's home. He said Miersemann was booked at county jail and obtained release on \$3,500 bail.

JAYNE READY TO WASH OUT BLONDE HAIR

HOLLYWOOD (AP)—How's that again Jayne Mansfield no longer a blonde?

That's right. The shapely actress is converting those platinum tresses to a chestnut brown. She's also acquiring an "elegant" wardrobe of 50 dresses—many of them high-necked.

Shroud those curves? Why?

Jayne says she's going dramatic in her next picture. "The George Raft Story," her first Hollywood film in five years.

The 40-18-35 beauty explained it this way: "Being an international sex symbol is fine, but limiting. My career got waylaid by the sexpot bit. I've enjoyed it, but that's just one branch of the tree."

Corte Madera Fire, Police Funds On Tap

The police and fire department budgets will be studied by the Corte Madera Town Council in an adjourned meeting at 7:30 o'clock tonight in the town hall.

This is the second adjourned budget meeting of the town council this month.

Bingo Called A Sin; 'Rubbish,' Says Player

LONDON (AP)—"Bingo," said the Rev. Cyril Blount as he faced 400 enthusiastic bingo fans, "is a greater sin than sex immorality."

"Rubbish," shouted a woman in the audience.

"If this craze is not curbed," continued the Methodist minister, "I am appalled to think of the sorrows it can bring to family life."

"Nonsense," yelled a man who was fanning himself with a bingo card. "Bingo is not gambling."

"Then why don't you play it without money?" demanded the minister.

The Rev. Blount had gone to a crowded hall at suburban Harlow yesterday at the invitation of Jack Wilding, one of the promoters of a game that is sweeping Britain.

Back at his church, St. Andrews, 12 members of the congregation prayed for the conversion of the bingo players.

"Bingo," said the Rev. Blount, "is a great sin because it's the worship of a false god—and an expression of greed."

Ignoring a chorus of derisive "boos," the minister drove home his point by saying he

knew of a wife and mother who—after playing bingo—had only 10 cents left from her housekeeping money to buy food.

Following the preacher's appeal, a man in the audience said he and his wife had met more nice people at the bingo hall in one week than they had met during two years residence in Harlow.

"I don't suppose I've converted a single one," said the Rev. Blount, "but they've heard some facts they've probably never considered."

Olema Ranch Worker Injured In Accident

A 37-year-old employee of an Olema ranch was reported in serious condition today at Sonoma County Hospital following an automobile accident Friday night.

Marvin Hamilton of Santa Rosa, employed at the Grazi Ranch, suffered head and chest injuries when his car ran off the road and into a ditch four miles west of Petaluma, the California Highway Patrol reported.

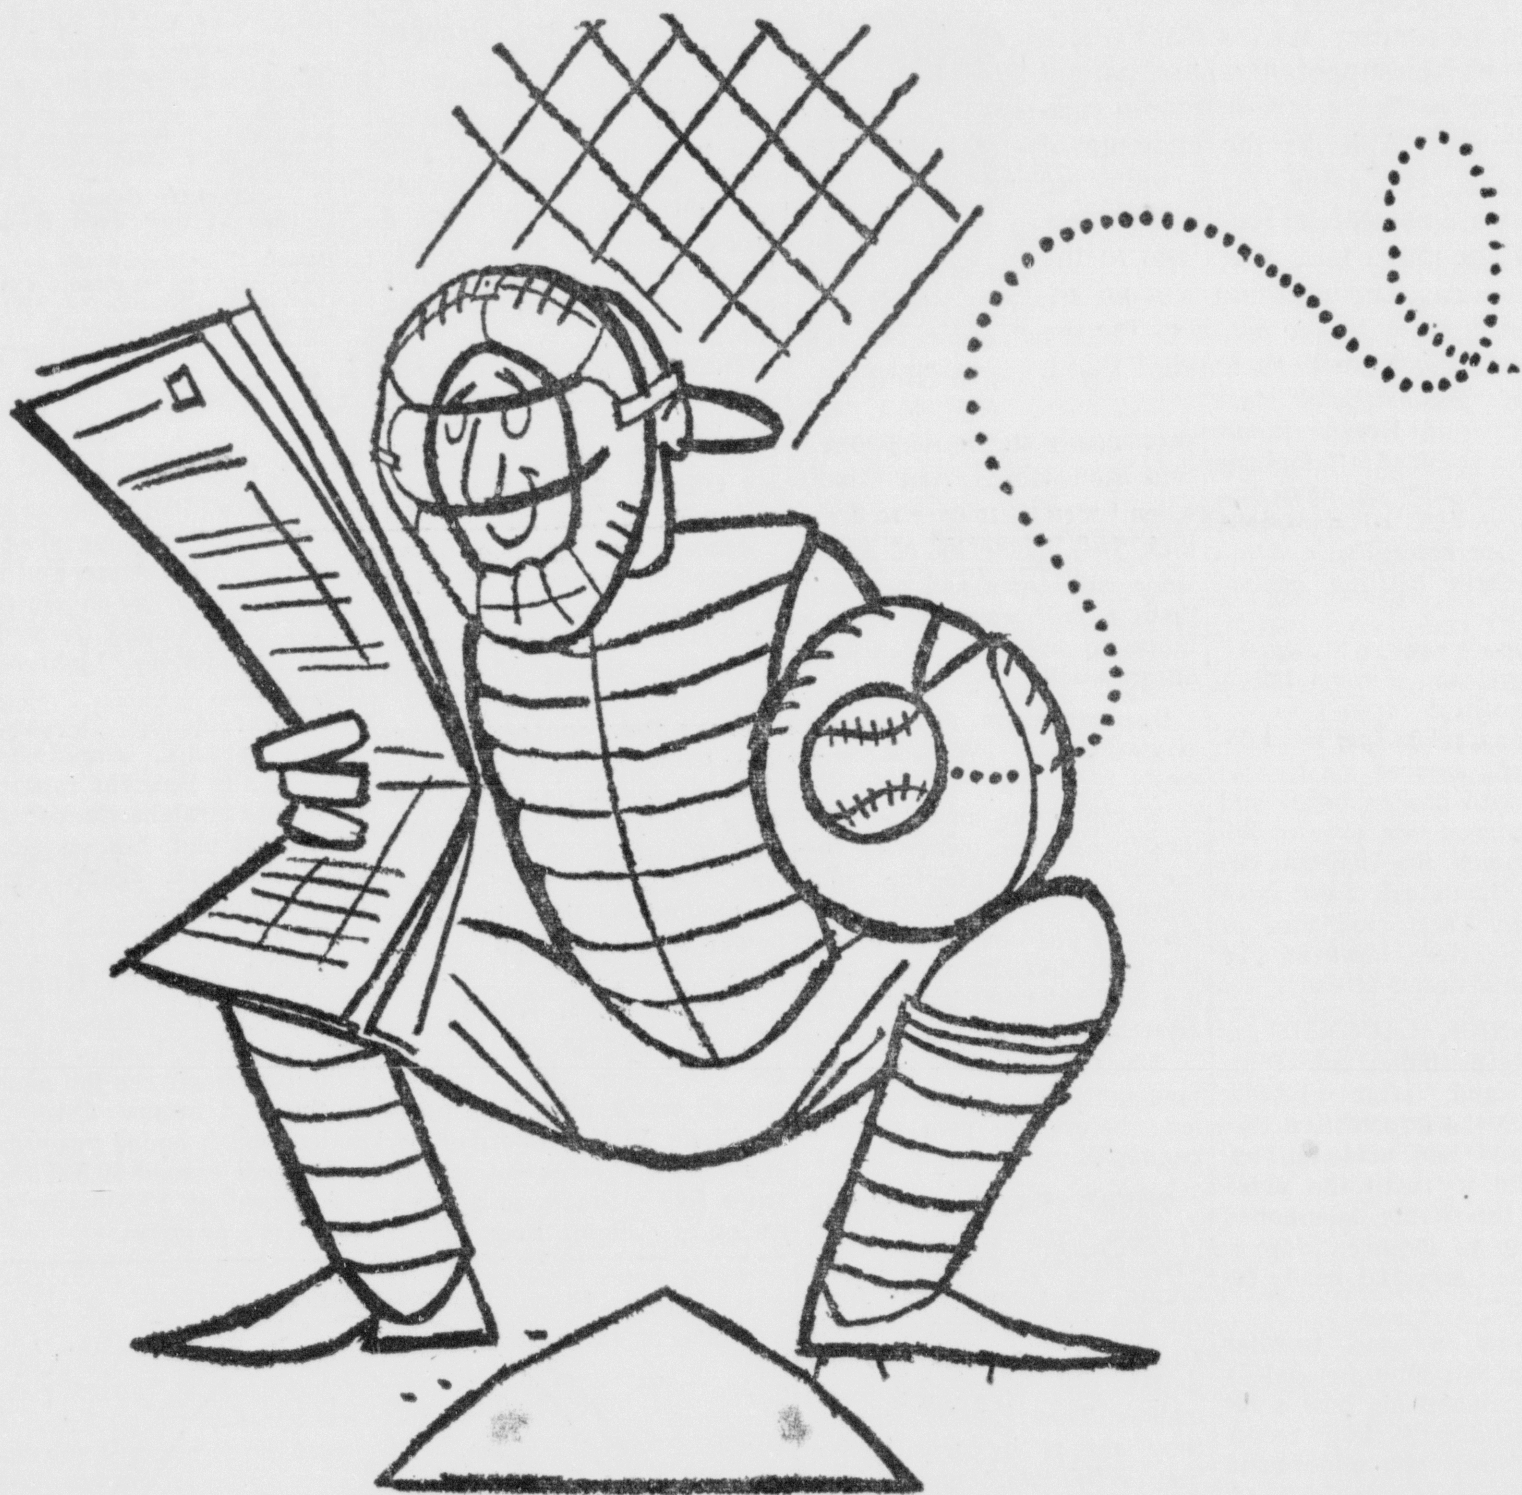

Street Lights Again On Hub's Agenda

A discussion of new street lights for downtown San Anselmo is once again on the city

council agenda for tomorrow night. The meeting is set for 8 p.m. in the city hall.

Among other items on the agenda are the proposed installation of coolers in the city

hall, progress payment for the new library addition, request for a street light on Lincoln Avenue, and several rezoning requests.

RECEPTIVE!

Readers Welcome
Newspaper Advertising

... for ads are news. Through the magic of paper, ink and ideas, they bring the story of products, prices and values. They bring it in print and they bring it today.

This explains why more than 80% of people favor newspaper advertising—more than for any other medium.

With this receptivity, your ads have a headstart in selling. And with the Independent-Journal you get a headstart in readership—for Marin families prefer the I-J's advertising 2 to 1* over any other newspaper that circulates in the county.

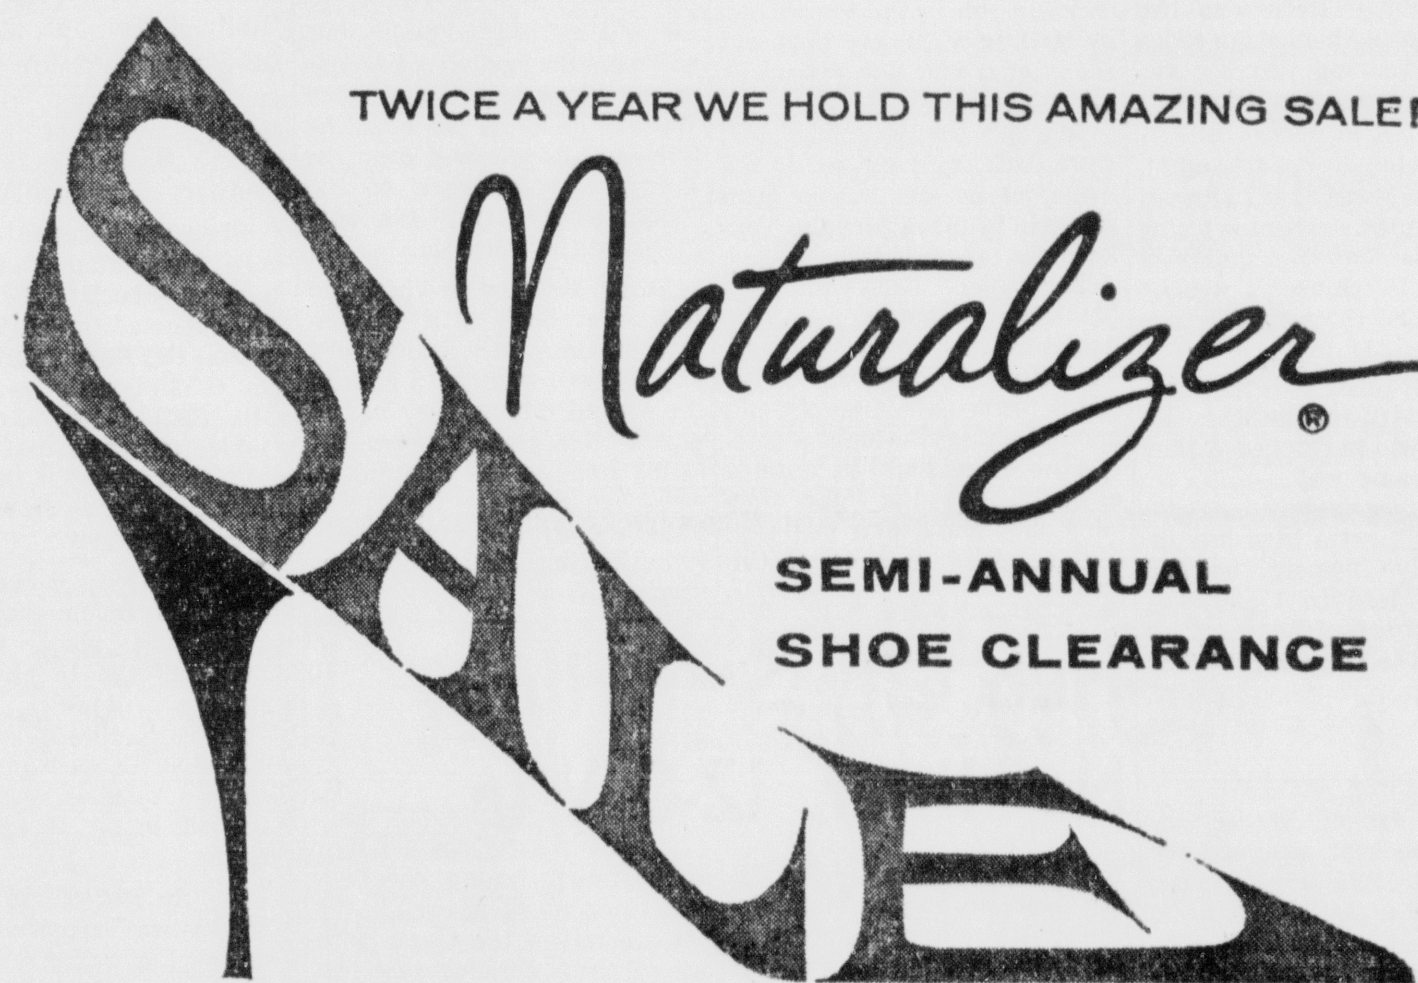

Here, then, is the ideal sales climate. So, if you're really sales-minded—come on in. We'll introduce you to 29,000 families... with the highest average income in any county in the state.

Only Repeat Of 'Miracle' Can Save Giants Now

Double Loss In Crucial Cincy Series Kills S.F.

NEW YORK (AP)—The San Francisco Giants, back in New York for the first time since they left the Polo Grounds at the end of the 1957 season, meet the New York Yankees tonight in an exhibition game at Yankee Stadium.

Rookie right-hander Bob Bolin was slated to start on the mound for the Giants against the slugging Yanks.

The trip to New York may help the Giants forget some of their National League problems but it probably will be a long time before they forget Sunday, July 23, 1961—and a dreadful doubleheader at Cincinnati.

The National League-leading Reds took both ends, 6-5 and 11-2. The Giants went into the twin bill with a chance to pull within four games of Cincinnati. But the Reds, who had lost six straight games before yesterday, opened their margin to 1½ games over Los Angeles and eight games over the Giants.

With 61 games left, Alvin Dark, in his rookie year as the Giants' manager, has two long, hard months ahead. He was the Giants' shortstop when they won the pennant in the "miracle year" of 1951. They were farther behind, with fewer games left, and overhauled a 13½-game Dodgers lead.

It's not impossible, but the word "miracle" would be appropriate once more if Dark and his Giants manage to climb to the front.

The Giants blew a 5-2 lead in the first game, a home run battle. The Giants clouted three homers—two by Ed Bailey and one by Orlando Cepeda, his 27th—but the Reds slammed four out of the park.

MARICHAL TAGGED
Juan Marichal was tagged for five runs in six innings, Sam Jones, who relieved Marichal, gave up only one hit—but it was a homer by Jerry Lynch, his second of the game, leading off the Reds' ninth that won the game.

The Reds' pitching staff had been getting bombed regularly but both starters, Bob Purkey (12-5) in the opener and Jimmy O'Toole (9-8) in the nightcap, went the distance.

Jones' first game loss brought his record to 7-6. Billy O'Dell, first of three Giant hurlers in the second game, couldn't get through the second inning. He's now 4-4.

Frank Robinson of Cincinnati homered in each game, climbing into a tie with Willie Mays for the National League leadership at 28. John Orsino, the Giants' rookie catcher, clouted his first big league homer in the nightcap.

Wins Five Races

AGUA CALIENTE, Mexico, (UPI)—Jockey Bill Whit, a smooth saddlesmith from nearby Chula Vista, yesterday became the first rider this year to score five victories in a day's racing at Caliente Race Track.

S.F. Booters Win U.S. Junior Title

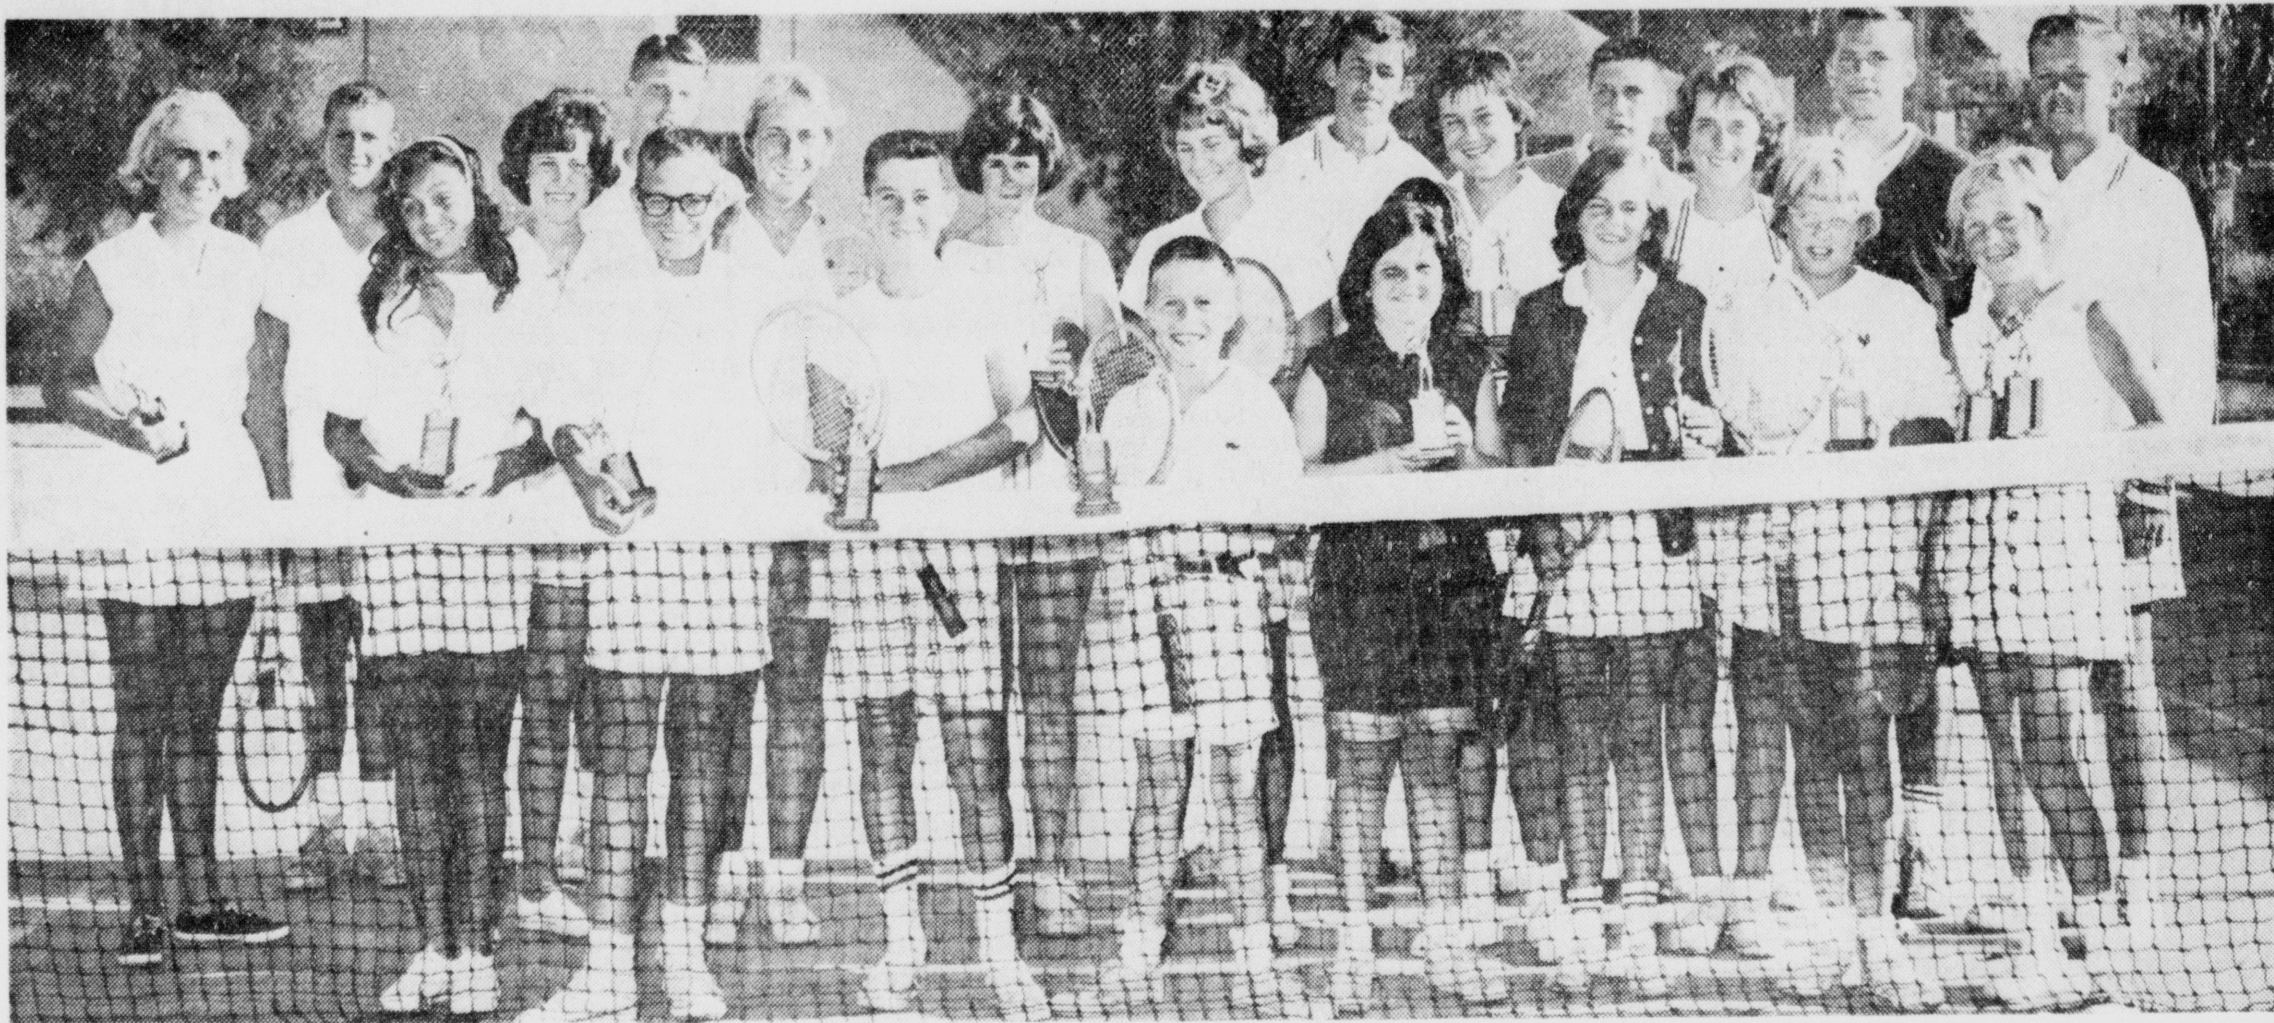

PHILADELPHIA (UPI)—The unbeaten Hakoah Athletic Club of San Francisco won the U.S. junior championship with a 2-0 victory yesterday over Philadelphia Lighthouse Boys Club.

Baltazar Montes, 18-year-old center forward, scored both goals as the Hakoahs captured their 24th straight victory. The west coast club has scored 74 goals this year against three for its opponents.

17,000 At Cal Rodeo

SALINAS (UPI)—Bronc Curry and Ray Miller, both of Bakersfield, took home the top money in the 51st annual California Rodeo, which ended yesterday. The pair earned \$2,391 each.

A crowd of 17,000 saw the final day's program.

TROPHY WINNERS—Here are the happy youngsters who won trophies from the Independent-Journal Saturday as finalists in the eighth annual Marin Junior Tennis Tournament in San Rafael. Front

row, left to right, Robin Hodgdon, Andy Wilson, Dan Parsons, Eustis Hill, Cindy Blaskower, Melanie Blaskower, Peggy Jett and Lucia Blakeslee. Second row, Claire Hass, Marilyn Jacobs, Kathy Bloom,

Cathy Atterbury, Kitty Harwood, Shannon Boyd, Sharon Bloom. Back row, John Zwiag, Harry Johnson, Bob Wilson, Sam Mercer, Hillard Witt and Harvey Klyce. (Jim Kean photo)

MAJOR LEAGUE ROUNDUP

It's Either A Feast Or A Famine With Those Redlegs

By ASSOCIATED PRESS
It's either feast or famine for the Cincinnati Reds who had that contented look again today after devouring two big victories over the San Francisco Giants.

The double sweep, 6-5 and 11-2, over the Giants at Cincinnati Sunday ended a six-game losing run for the Reds and indicated Freddie Hutchinson's streaky crew was on the warpath once more.

There apparently is no in-between pattern for the Reds. Either they win in batches or they lose the same way.

The twin triumphs, engineered by 13 extra base hits including five homers, boosted the Reds' lead to 1½ games over the pressing Los Angeles Dodgers. The Dodgers, sparked by Ron Fairly's two doubles, edged the Cards at St. Louis 2-1.

BRAVES SIZZLE

The Milwaukee Braves, sizzling in the heat, whipped the Pirates at Pittsburgh twice, 11-4 and 5-4, for a four-game sweep of the series. This moved the surging Braves past the Pirates into fourth place, only a half game behind the third-place Giants. The Chicago Cubs snapped a seven-game losing streak by belting four homers, including two by Don Zimmer, for a 11-5 wallop of the Phillies at Philadelphia.

In the American League, the weary Detroit Tigers regained first place from the Yankees by sweeping a marathon doubleheader from the Athletics at Kansas City, 6-4, 17-14, while the New Yorkers were nipped in the ninth by the Red Sox at Boston, 5-4. Minnesota blanked Cleveland, 10-0; the White Sox beat Baltimore 5-2, and Los Angeles' Angels thumped Washington, 8-3.

Hutchinson will get an idea of how long this streak is headed when his club takes on the Braves at Milwaukee in the only league game tonight. Joey Jay 13-5 faces Milwaukee's Bob by Tendley 3-2. The Dodgers play the Baltimore Orioles in the Hall of Fame game at Cooperstown, N.Y.

Fairly's double in the first inning led to the Dodger's first run against the Cards. His second two-bagger in the sixth drove in Maury Wills with the winner. Johnny Podres (12-2) picked up his fourth straight victory although he was ejected for beefing on a call by plate umpire Chris Pelekoudas. This came after pinch-hitter Stan Musial singled home Charley James. Manager Walt Alston also was given the thumb.

PIRATES POUNDED

The Braves pounded nine Pirate pitchers for 25 hits in taking two for nine of their last ten. Ed Mathews walloped his 22nd home run, a bases-loaded double for two runs, and two singles in easing Bob Buhl's way in the opener. Joe Torre, like Mathews, had four out of five. Hank Aaron chipped in with his 23rd homer. Harvey Haddix (6-5) was the loser.

In the 5-4 windup, Lee Maye drove in three runs with a sin-

gle, triple and sacrifice fly—the fly scoring Aaron with the winning run in the fourth. Reliever Don McMahon (5-1) was the winner and Bob Friend (9-13) the loser.

Detroit's weary, worn Tigers were back in first place in the American League, but the grim struggle to move past the Yankees has taken its toll.

The Tigers' harrowing doubleheader triumph over the Athletics cost them the services of third baseman Steve Boros for at least a month and enough energy to build a dam.

After 6 hours and 50 minutes of playing time the Tigers moved a half game and one percentage point in front of the Yankees.

Hub City Star Hurls No-Hitter, 12-0 Win

Righthander Ron Cole of the San Anselmo Ongaro Plumbers pitched a no-hitter yesterday as his mates walloped the Mill Valley Merchants 12-0 in a semi-pro game at Mill Valley.

Cole had little trouble handling the young Merchants as he struck out 13 batters while walking only four.

Ralph Bocabella with a triple and single and three runs batted in was San Anselmo's big stick. Dick Spackman, Milt Hain and Don Lauters also had two hits each, Hain and Spackman with a double apiece. Alan Boyce contributed a triple to the Plumbers' 12-hit attack.

In another Marin semi-pro feature yesterday, the Tiburon Pelicans donned their slugging uniforms and pounced the La Fiesta team of Oakland by a 16-8 margin.

After trailing 6-3 in the top

Muncey Triumphs In Diamond Cup

Coeur d'Alene, Idaho (UPI)—Century 21 won the fourth annual Diamond Cup unlimited hydroplane race on Lake Coeur d'Alene yesterday by taking all three heats.

The "21," with Bill Muncey at the wheel, had 1,200 points for times of 104.57, 106.257 and 102.389 miles per hour.

Miss Spokane, which put up a battle for parts of the first two heats, was second with 825 points on two second-places and a third.

Rex Manchester drove the community-owned Miss Spokane home in times of 98.181, 96.878 and 89.403 mph.

Cutie Radio, the former Miss Everett, the only other boat to finish all three heats, placed third with 563 points.

Wins Women's Title

PEBBLE BEACH (UPI)—Sue Lance of Woodland Hills won the California women's amateur golf tourney at the Del Monte Golf Course Saturday when she defeated Jo Ann Nation of Long Beach by a 4-and-3 score.

Witt Captures 3 Trophies In Junior Tennis

Hillard Witt, youngest member of the tennis-playing Witt family of Larkspur, was loaded down with hardware Saturday as he emerged the individual standout of the eighth annual Marin Junior Tennis Tournament at San Rafael.

When the beautiful trophies were distributed Saturday night at Albert Park, young Witt collected three of them as he won the Boys under 15 singles championship, teamed up with Sam Mercer to cop the doubles crown in that division and placed second in the 18 and under doubles, again with Mercer as his partner.

Harvey Klyce of San Rafael and Sharon Bloom each picked up two first place trophies. Klyce won the 18 and under singles and doubles, teaming with Brian Laurie in the latter, while Miss Bloom won the singles and doubles, with Kitty Harwood, in the 15 age classification.

32 TROPHIES

Thirty-two trophies were awarded the winners and runners-up in the Independent-Journal which co-sponsored the tournament with the San Rafael Parks and Recreation Department.

Every player in the gigantic attraction will receive a certificate of participation from the I-J. Those who have not yet received their certificates may pick them up at the Albert Park office, Chairman Joe Rodota said.

Following are results of Saturday's finals:

SINGLES

Boys 11 and under—Eustis Hill d. Mark Stephens, 6-3, 6-4.
Girls 11—Robin Hodgdon d. Cindy Blaskower, 6-1, 6-1.

Boys 13—Don Parsons d. Andy Wilson, 3-6, 6-2, 7-5.
Girls 13—Lucia Blakeslee d. Peggy Jett, 7-9, 6-2, 7-5.

Boys 15—Hillard Witt d. Sam Mercer, 8-6, 6-3.
Girls 15—Sharon Bloom d. Shannon Boyd, 6-2, 6-1.

Boys 18—Harvey Klyce d. Brian Laurie, 6-1, 6-4.
Girls 18—Cathy Atterbury d. Shannon Boyd, 7-5, 6-0.

DOUBLES

Boys 15—Hillard Witt-Sam Mercer d. Harry Johnson-John Zwiag, 6-1, 9-7.

Girls 15—Sharon Bloom-Kitty Harwood d. Lucia Blakeslee-Cindy Blaskower, 6-0, 6-3.

Boys 18—Klyce-Laurie d. Mercer-Witt, 8-6, 8-6.

Girls 18—Cathy Atterbury-Kathy Bloom d. Marilyn Jacobs-Claire Hass, 6-2, 6-0.

Wentz In Batting Spree For Iacopi

Glenn Wentz drove in eight runs with a grand slam homer, a triple and single yesterday to almost single-handedly power the Iacopi team to a 15-7 triumph over Guasco in the San Anselmo Senior Baseball League. The game was abbreviated to four innings by a time limit.

Tonight at 6 o'clock first place Herb's tries to clinch the championship in its crucial game with second place Currie. However, should Currie win, the lead would be tied up and a playoff game scheduled for later in the week.

Giants Return To New York, The Hustlingest Town In The Nation

NEW YORK—This is the hustlingest town in the country. It's the place where naive tourists supposedly have bought the Brooklyn Bridge from smooth talking sharpies. And it's the ex-home of the Giants who came back today to visit the old homestead for the first time since their move four years ago to the Golden Gate. The occasion was an exhibition game with the Yankees for the benefit of the New York Sandler Fund.

HANLEY

"Hasn't changed a bit since we left," said Horace Stoneham who received a telephone call from a silky salesman professing to have a guaranteed remedy for batters in a slump and pitchers battling control problems.

"While we were in St. Louis," said Stoneham, "some fellow who identified himself as Dr. Armstrong got me on the telephone and assured me he was a whiz with broken heads and legs. I turned him over to Eddie Brannick. But that was the only St. Louis call I got from a hustler. There was none in Cincinnati. Here, however, I've had half a dozen already."

BRANNICK LAUGHED the St. Louis pitcher out of his routine and, after eliciting from him the information that he already had made an unsuccessful try with the president of the Giants, telephoned Stoneham to inquire "How is the broken legs and heads department?"

Brannick, a road traveler with the ball club for half a century, ribbed his boss a bit more and finally told Stoneham: "Now, you understand why I stay out of hotel lobbies."

STONEHAM SELDOM makes a road trip with his team and is smart enough not to loiter in lobbies which modern day medicine men use as their offices.

"But they still get through

occasionally on the telephone," said Stoneham. "And that's when I turn them over to Brannick. He's had a lot of experience with them and can spot them a mile away or even a thousand miles if it's a long distance call."

Has Stoneham any regrets about moving his ball club west?

"Surely you must be kidding," said the owner of the Giants. "We made the right move at the right time. We're happy in our new home beside the beautiful Golden Gate—and it's no long new, incidentally, after four years."

"The fans out there are great fans and I hope it won't be too long before we give them a pennant."

THERE STILL is a hard core of New Yorkers who never have forgiven Stoneham for taking the Giants away from the old Polo Grounds. Their attitude is somewhat like the selfish and fabled dog-in-the-manger. They wouldn't support the Giants at the turnstiles but they didn't want anyone else to either. They still rib Stoneham with "You never would have bought the Brooklyn Bridge but you were sold a bigger bauble in Candlestick Park."

Stoneham, soundly solvent now, merely smiles.

Close Races, Upsets Highlight Bay Regatta

By ALFRED MATSON
In yesterday's Small Yacht Racing Assn. championship regatta, 15-mile breezes prevailed as 74 yachts scurried around the course in near record times, but with short choppy seas crew dousing was the order of the day.

Sponsored by the San Francisco Yacht Club, the contests were started and finished off Keil's Cove on Racon Strait.

The course was a good one, the Sausalito channel buoy was the first mark, then Knox buoy followed by Red Rock buoy and back to finish line.

Airman Injured In Cycle Spill

Airman 2/c Charles Franklin Kelly, 23, of 116 Ward Street, Larkspur, was treated in Marin General Hospital for cuts and bruises Saturday after he suffered a spill on his motorcycle on Highway 101 near the Shoreline Highway.

Kelly, stationed with the 666th Radar Squadron at Mount Tamalpais, told California Highway Patrol officers his south-bound cycle was forced into the divider strip by an automobile which crossed in front of him. He was sent to the Hamilton Air Force Base Hospital after treatment at Marin General.

56 Players Try Out With Raiders

SANTA CRUZ (UPI)—The Oakland Raiders of the American Football League launched two-a-day drills today.

Coach Eddie Erdelatz greeted 56 players. Among the missing was the highly-rated halfback George Fleming of Washington, who is back in Chicago for the College All-Star game. He won't report here until Aug. 6.

The players checked into camp Saturday and were issued equipment and underwent physicals. Yesterday, Erdelatz held separate meetings with his veterans and rookies, and then most of the squad held an informal workout.

Pogo Stick Fall

Charles Kendrick, 8, of Madrone Avenue, Woodacre, was treated for a cut chin at Marin General Hospital Saturday evening after he fell at home with a pogo stick. He is a son of Joseph Kendrick, an employee of the California Highway Patrol in San Rafael.

'Kids' Replace Vets In 49er Limelight

SAN FRANCISCO 49ers start their annual practice sessions on Wednesday with the youngest batch of prospects since the club first came to camp 'way back in 1946.

Only three men on the squad, quarterback Y. A. Tittle, 34; tackle Leo Nomellini, 37, and tackle Bob St. Clair, 30, are more than 29 years old.

But Coach Red Hickey denies

that he has a youth movement afoot.

"It just happens to come out that way," says Hickey. "When we traded away Hugh McElhenry, Joe Perry and some of the others it cut down on our age."

The 49ers have seven rookies in the All-Star Game at Chicago and they won't report for practice until after the Aug. 5 game. In the meantime, Hickey

and his staff hope to get a long and strong look at some of the other young hopefuls.

Among these are such longshots as defense halfback Dale Messer from Fresno State; Tom Jewell, a 240-pound guard from Idaho State; halfback Charley Fuller of San Francisco State; J. W. Lockett, a 230-pound defensive end from Central State;

and end Ola Murchison of University of Pacific.

Ray Norton, the ex-sprint star from San Jose State who saw brief action with the club last year, also is expected to come in for a lot of attention at the early practices. Norton joined the club in mid-season last season and was used sparingly—mostly as a decoy.

Hickey already has announced that John Brodie will be his No. 1 quarterback. But Tittle, who has been playing pro ball 13 years, will be back in the running for the post.

When the "Shot-Gun" offense springs into action it is probable that rookie Bill Kilmer, who is at the All-Star Game, also will get a good chance. And Bobby (Muddy) Waters, a fine rookie last year

from Presbyterian, also is expected to get another crack at playing.

Waters looks like the expendable signal-caller—unless Tittle is traded.

But 49er management is so high on Waters that they are sure if he is put on waivers some other club will snap him up—and possibly make a star of him.

Marin Wins Norcal Colt Championship

Marin County All-Stars won the Northern California Area Colt Baseball Tournament championship at Ukiah yesterday and will leave tomorrow for Atwater, near Merced, where they will compete in the Colt Sector Tournament beginning Wednesday.

In yesterday's finals at Ukiah the Marin team downed Ukiah 6-1 behind the four-hit pitching of Johnny Walker and the fence-banging power hitting of Dave Perlis and John Feerick.

That triumph avenged a 9-4 loss to the same Ukiah team Saturday night that necessitated yesterday's playoff. Marin finished the tournament with three victories against that single defeat.

The 15-man Marin squad, headed by Manager Fred Mack of Mill Valley, will leave by car caravan tomorrow for Atwater. They will be quartered at Castle Air Force Base during the tournament.

While Walker was taming the Ukiah team yesterday, striking out seven along the way, his mates got one run in the first inning, four in the fifth to break a 1-1 tie and a final tally in the seventh.

In the first inning John Hammond led off for Marin with a single, stole second and scored on a one-bagger by Feerick.

THREE-RUN DOUBLE
Ukiah came back to tie it up with an unearned run in the fourth, but Marin exploded for the four big markers in the fifth when three consecutive errors loaded the bags, Jack Martin forced in a run with a walk and then Perlis unloaded a booming double off the left field fence for three runs batted in.

In the seventh Feerick tripled home Martin who was on via an error.

Perlis' three RBI gave him a total of six during the four-game tournament while Feerick

None of the members of the team was complaining, either, as they took off for Warsaw and the final meet with Poland Friday and Saturday. John Uelses, Bobby Avant, Earl Young, Jim Grelle, Dyrrol Burleson, Paul Drayton, Jerry Siebert, Ken Floerke, Bill Sharpe, John Fromm and Charlie Frazier all were hurting in varying degrees.

"It's just one of those things," said Elliott. "Every once in a while you run into something like this—a whole string of injuries—and you wonder when it is going to end."

SUPERB CONDITION
"These boys are in superb condition. They are at their peak at this time of year. Most of them could run every day and they wouldn't feel it."

"That, of course, excludes the long distance runners, who have to have some rest in between their races."

Said Hanley:

"I'm sure the closeness of the meets has nothing to do with the injuries. I would call it an unfortunate coincidence."

"Last Wednesday night, after we defeated West Germany in Stuttgart, I treated 12 members of our 41-man team."

Sprinter Frank Budd, who holds the world 100-yard-dash record of 9.2, said he didn't mind all the meets but didn't expect he could run close to record time in every start.

George Young, who set an American record of 8:38 for the 3,000-meter steeple chase against Russia, said he usually was tired for a day or two after a long race.

Elliott's squad has beaten Russia, West Germany and Great Britain.

ick and Terry Jarcik each had five RBI.

Feerick also was the team's leading hitter with six hits in 15 at-bats for a .400 average, followed by Rick Miller, 3 for 8, .375; Perlis, 4 for 11, .363; Ray Maher, 1 for 3, .333 and Terry Jarcik, 4 for 4, .285.

In Saturday night's loss Rick

Basco's triple and Dave Perlis' single were key hits in a losing cause.

Walker emerged as the pitching star of the tournament as he was credited with two victories and a "save" in his 12½ innings on the mound in relief and as a starter yesterday.

U.S. Track Coach Puzzled By Long List Of Injuries

LONDON (AP)—Is the grueling schedule of three international meets within eight days causing the rash of injuries and illness that has struck the United States track team?

No, said Coach Jumbo Jim Elliott today. The team physician, Dr. Dan Hanley, agreed, and AAU chief Dan Ferris, who arranged the tour, also pooh-poohed the idea.

The schedule of all-star baseball games to be played this week in San Anselmo's Memorial Park was announced today by Recreation Director Frank Quinn.

The games will be played in four categories — minors and majors of the Little League; Junior or Pony League, and Senior League. Players will be all-stars from 10 Bay Area leagues. The schedule:

MINORS: Tuesday, 6 p.m., St. Helena vs. Gallinas Valley; Thursday, 6 p.m., San Anselmo vs. San Rafael National Little League; Saturday, 3 p.m., consolation game for losers in first round; Sunday, 1 p.m., championship game for winners of first round.

MAJORS: Wednesday, 6 p.m., St. Helena vs. Marinwood; Friday, 6 p.m., San Anselmo vs. Gallinas Valley; Saturday, 5:30 p.m., consolation game for losers in first round; Sunday, 4:15 p.m., championship game for winners of first round.

JUNIORS: Presidio of San Francisco, by: Tuesday, 6 p.m., Terra Linda vs. Gallinas Valley; Thursday, 6 p.m., San Anselmo vs. San Rafael; Saturday, 1 p.m., Presidio vs. winner of Terra Linda-Gallinas game; Sunday, 2 p.m., winner of San Anselmo-San Rafael game vs. winner of Saturday's consolation game for championship.

SENIORS: Wednesday, 6 p.m., San Anselmo vs. Presidio; Friday, 6 p.m., New Pizza Dodgers of San Francisco vs. San Rafael; Saturday, 5:30 p.m., consolation game for losers in first round; Sunday, 5:15 p.m., championship game for winners of first round.

ANYONE FOR GOLF?
Bruce Crampton of Australia collected two kisses plus a \$4,300 check yesterday as his rewards for winning the Milwaukee Open championship.

Aussie's Milwaukee Win An 'Ambition Come True'

MILWAUKEE (AP)—Young Bruce Crampton, a former Australian Open champion, happily looked to the future today after winning his first major tournament in some 85 attempts on the U.S. pro golf tour.

"This is a lifetime ambition come true," the 25-year-old Aussie said yesterday after picking up a \$4,300 check for a one-stroke victory in the \$30,000 Milwaukee Open.

Crampton withstood a pressure-packed finish to post a final round of one over par 71 for a 272 total in the 72-hole test and edge Gay Brewer Jr. and Bob

Goalby, a couple of veterans who play out of Crystal River, Fla.

"I've always wanted to visit Las Vegas, but I vowed I wouldn't until I could play in the tournament of champions," Crampton said. "Now that I've won a big one I've qualified, and you can bet I'll be there next year."

Brewer and Goalby each collected \$1,500.

Bill Casper Jr., the former U.S. Open champion from Apple Valley, Calif., and Don Masengale, a 24-year-old former

Texas Christian star, tied with 274s for \$1,600 each.

Deadlocked at 275 were Masters champion Gary Player, Tony Lema, Tom Nieporte and amateur Jack Nicklaus. Player, Lema and Nieporte each earned \$1,300. Nicklaus, the NCAA champion received a trophy.

SHOOTING NIAGARA RAPIDS

Ray Weaver, 39, former Niagara Falls, Ont., pilot, shoots the Niagara gorge rapids in a 14-foot all-metal boat. During his trip yesterday he was trapped in a whirlpool, but he managed to complete the ride. At the end he was questioned by police but released. (Canadian Press Wire-photo)

Firemen Seek Cause Of Blaze At Forest Knolls Cottage

The Marin County Fire Department was searching today for the cause of a blaze that gutted a four-room vacant cottage at 1 Aztec Avenue in Forest Knolls Saturday afternoon. The fire caused damage estimated at \$4,500 to the unfinished home, which had been vacated since last April. Its owner is Mrs. W. F. Coons of Burlingame, said firemen. The blaze was reported at 3:21 p.m. by a neighbor, and was under control in 25 minutes. Four fire units under Asst. Chief Louis J. Bloom fought the blaze.

Satellites Spying, Russ Say

MOSCOW (UPI)—The Soviet Army newspaper Red Star charged yesterday that the United States was using space satellites to spy on the Soviet Union.

The official newspaper said the flights of U.S. reconnaissance satellites over territory of other nations "is an act of aggression." It compared the satellite operations to the espionage flights of the U-2 planes which led to the collapse of the Paris summit conference last summer.

Red Star said the new satellites showed that "the Pentagon has not given up earlier outlined plans of spy measures aimed against the socialist camp."

"No matter at what altitude the spies are flying," Red Star said, "they remain spies."

The two satellites, launched July 12, are Midas III and Tiro III. Both periodically pass over Russia, with the 3,500-over the Soviet rocket launching area near the Aral Sea. Midas is the forerunner of a satellite system designed to detect the hot exhaust of a missile launched anywhere in the world and to give almost instantaneous warning.

Red Star said that after having failed in espionage by means of aerial intelligence, the military leaders of the United States persistently are using outer space for that purpose.

Wolfe Grade Contract Due

The contract for the second phase of construction of Wolfe Grade School is to be awarded by the Kentfield School Board at its meeting at 7:45 p.m. today at the school. H. D. Grae of San Francisco

GATE BRIDGE 'SUICIDE' IS SUSPICIOUS

Fictitious addresses connected with a purported "suicide note" found with some shoes on the Golden Gate Bridge yesterday cast doubt on whether it tragedy had occurred.

Bridge workers found a note signed "Dwight" and saying "I have decided to give up on life," laid with a wallet, a pair of shoes and a box by the guard rail at the south tower yesterday morning.

But names on identification papers couldn't be checked out, nor could addresses in San Bernardino County. So the California Highway Patrol listed the incident merely as "suspicious."

Blaze Guts Antioch Area

ANTIOCH (UPI)—A fire roared out of control on the waterfront area here today, destroyed several buildings, and caused an estimated \$500,000 damage.

No injuries were reported in the fire, which broke out at 2:50 a.m. in the Riverview Lodge, a restaurant perched on a pier that juts out into the San Joaquin River delta.

More than 200 firemen were battling the flames, which leaped across the water and started several smaller blazes in adjoining fields and a shipyard.

was the apparent low bidder with \$89,535. Two alternates in the bids included a covered walk and a faculty patio.

Other items to come before the board include hiring Mrs. Norma Rathbun Hannah as librarian and Mrs. Barbara Ruzicka as library clerk; addition of another first grade teacher, and the approval of the budget for publication.

Mars Shot Could Be Speeded

WASHINGTON (UPI)—Congressional space experts today said that despite delays there still is a chance the United States may learn the truth about those canals on Mars before Russia.

They said the National Space Agency has launched a study which could advance by two years an exploratory flight near Mars now scheduled for 1964. The trip would take 232 days.

Scientists hope the shot will provide an electronic close-up look at the planet's unexplained canals, polar white caps, and possible vegetation. It originally had been planned for 1962, along with two similar space probes of Venus.

The Mars target date later was delayed for 25 months—the next feasible period for such a shot—on grounds that space exploration techniques were not far enough along to accomplish the project on schedule.

The House Space Committee has been advised that the shot actually was postponed because budget restrictions then in effect would not allow all three shots in one year. Those budget curbs now have been lifted and space agency experts are determining now whether it is too late to reschedule the Mars probe for late 1962.

New archeological studies suggest that man may have made his first tools—crudely chipped stones—some 500,000 years ago.

San Rafael Student Packing For Year's Study In Denmark

By BARBARA HOSMER

"This is going to be the most difficult thing I've ever done," Susan Silvernale said as she handed me the booklet describing the year program of living and learning in Denmark she will begin Aug. 2.

Susan, daughter of Mr. and Mrs. Rex T. Silvernale of San Rafael, will be taking the Scandinavian Seminar instead of her junior year at the University of California at Santa Barbara, where she is a Kappa Alpha Theta.

Right now, sometimes repairing to the basement of the family home, Susan is intensively studying Danish from records and books supplied by the seminar organization.

She must have a knowledge of the language by the time she begins the program, as all classes at the folkehjsskole will be conducted in Danish and her classmates will be Danes. She laughs recounting her language background, four years of Spanish, including two at San Rafael High School and two years of Latin at San Rafael.

"They do not help very much," she said, adding that Danish has several letters not used in the English alphabet. She said that the pronunciation is very different from the spelling, and the Danes speak

SUSAN SILVERNALE
To study in Denmark

through the words, skipping some of the letters.

LEAVES AUG. 2

She will leave San Rafael Aug. 2 with another seminar student from Sunnyvale who attends San Francisco State College. They will fly to New York to meet the 114 others who will go to Finland, Norway, Sweden or Denmark.

But Susan will not be the only Marin student to go. Sue Dirksen of Sausalito, a student

at UC in Berkeley, will be on board the group's chartered Scandinavian liner when it lands in Oslo. Sue, a Tamalpais High School graduate, is headed for Sweden, where she has the advantage of speaking Swedish already, studying it at Cal. Her project will be language and art.

She left this month to visit her sister in Los Angeles and her family in Montreal before joining the group in New York. Sue formerly studied in Munich about two years ago.

Susan's group will leave Oslo by boat for Denmark, landing in Jutland and going on to Copenhagen.

FAMILIES ASSIGNED

"We'll probably find out then which families we have been assigned to stay with," Susan said. The year includes a four day orientation and six day intensive language training. Then for two weeks she will live with a Danish family and speak only Danish. Next comes a second short course, a study of government, language, political and social science, history and arts of Denmark, followed by another stay with a Danish family.

Then Susan will begin residence at the folkehjsskole, one of the Danish schools for adults.

"These schools are very small," Susan said. "Fifty students in the largest. The Danes only have to go to school a short time compared to us. Then after they work for several years they can go to the folkehjsskole," she explained. She will take classes with these people, though each Scandinavian Seminar student must have a special field of study and write a comprehensive paper on the result.

"This will really test self-discipline because there are no mid-terms or finals to keep you studying during the year," Susan said. "The paper will be almost like a thesis." Susan will compare education systems of Denmark and the United States, though she intends to become a speech therapist when she returns to UCSB following her venture in Scandinavia.

SHORT VACATIONS

During her year abroad she will have short vacations and plans to visit Bibbi Lie in Oslo, a former exchange student at San Rafael High School.

The cost of the year in Denmark would be comparable to a year at UCSB, Susan said.

Susan got the idea of the seminar from her English professor at Santa Barbara, who learned about it at Harvard. "The program has been taken largely by Easterners in the past," she explained, though eight from University of California campuses are among the 116 this year.

"I didn't apply for it until after Easter vacation," Susan said, "and that was quite late. My acceptance came in May just before finals." Quickly she

Mill Valley Woman Honored For Work With The Disabled

By MAYBELLE SPECKMANN

Dr. Carrie E. Chapman of Mill Valley, chief of physical medicine and rehabilitation at the Veterans Administration Hospital in Oakland for the past eight years, was recently awarded a national bronze citation by the Disabled American Veterans Chapter 7 of Oakland.

The award was made at a program at the Veterans Memorial Building in connection with observance of Disabled American Veterans Auxiliary week.

Dr. Chapman is "one of the outstanding authorities on rehabilitation of amputees in the Western United States," said Sam Franks, manager of the hospital.

A graduate of Tufts Univer-

sity Medical School of Boston, Mass., and of the Mayo Clinic and Mayo Foundation in Rochester, Minn., she is presently working on a research project with the University of California on energy expenditure of the geriatric amputee and the use of temporary artificial parts in preparation for permanent assistive devices.

She was one of 48 scientists chosen throughout the country to participate in a recent National Academy of Sciences panel on problems of the geriatric amputee, in Washington, D.C.

Dr. Chapman is a commander in the Naval Reserve Medical Corps and has spent three years on active duty at the Oak Knoll Naval Hospital, where she is now a consultant.

DR. CARRIE E. Chapman of Mill Valley is given a national bronze citation by Disabled American Veterans Chapter 7 of Oakland for her work as chief of medical and physical reha-

bilitation at the Veterans Administration Hospital in Oakland. Here members watch as Charles Gardner, Oakland DAV head, makes the presentation.

Nyman-Wachs Nuptials Held Yesterday In Mill Valley

The Mill Valley home of the bride's parents, Mr. and Mrs. Henry Wachs, was the setting for the marriage yesterday of their daughter, Nina Wachs, to Alan Nyman of San Francisco.

AT DANCE CAMP

Susan Obee, Novato High School senior, left yesterday for the 14th annual folk dance camp at the University of Pacific in Stockton on one of five scholarships given by the California Folk Dance Federation. She hopes to use her week's training in the fall when she teaches a class at Novato High School. She is the daughter of Mr. and Mrs. Douglass Obee of Novato.

conferred with UCSB officials to see what credit they might extend her. It is possible to be given 30 units from the program, but, as Susan said, "None of my courses will parallel UCSB's."

AFTER THE COURSE

After the course ends the groups meet together for the four countries for an evaluation session, a report from each student's academic adviser for the year, personal interviews, the student's own reports, and finally granting of university credit by the seminar committee. Students wishing credit must make arrangements with their college to get it. The Seminar operates independently, and is as much for graduates, graduate students and professional persons as undergraduate students, Susan said.

After the seminar, Susan hopes to travel throughout Europe. "I'd like to see Italy and Spain, if possible, and plan to get to Germany at least," she said. Prior to Aug. 2 Susan has only been as far from home as Wisconsin, and is packing eagerly with only a week and a half to go.

The 2:30 p.m. double ring ceremony performed by Rabbi Morton Hoffman of San Rafael was attended by relatives and close friends only.

When Nina was given in marriage by her father she was wearing a street length dress of white organdy fashioned on bouffant lines and a shoulder length veil held by a bandeau.

Dressed in yellow summer cotton frocks with wreaths of fresh flowers on their hair were the bride's attendants, her sister, Deborah Wachs, her cousin, Jan Rosenthal of San Francisco, and the bridegroom's sister, Mrs. Alan Fibish of San Rafael.

Best man for the bridegroom, who is the son of Mr. and Mrs. Mark Nyman of San Francisco, was his brother-in-law, Alan Fibish. David Novashen of San Francisco showed guests to their seats.

Following the ceremony a reception was given in the home. The young couple will live in Westlake, Daly City, upon return from a honeymoon in the Carmel Valley.

The new Mrs. Nyman was graduated from Tamalpais High School and completed her freshman year at the College of Marin. She has two brothers, Thomas and Frederic Wachs.

Her husband was graduated from San Francisco State College and is a U.S. Civil Service employee in San Francisco.

Switzerland To Be Saluted At Lunch, Showing Thursday

Two Swiss misses in national costumes will introduce the fashion luncheon "Yodel-a-de-A. Have a Happy Holiday" Thursday at the Ondine in a salute to Switzerland's national day marking the anniversary of the founding of the Swiss Confederation.

The Swiss flag will fly in welcome to the special guests-with-a-viewpoint, the Consul General of Switzerland in San Francisco, Max Buchi, and Mrs. Buchi. Joining them at the guest table will be Mr. and Mrs. Pierre Rhein. He is a Swiss airlines representative.

Showing the fashions at the 12:30 p.m. lunch will be Yvonne Buchi, daughter of the guests, and Mesdames Clarence Amonette Jr., William Byron Wallace, William Donohoe and John Bellamy Jr.

Daughter Visits

Their daughter, Mrs. Bobbie Pauly Cordy, was a recent visitor at the home of Mr. and Mrs. Robert Pauly of San Rafael. Formerly of Marin, Mrs. Cordy now lives in New Mexico, where her husband is employed at White Sands proving ground.

Billie Nelson Becomes Bride In Mill Valley Church Ceremony

Billie Joan Nelson became the bride of Stanley Harold Shawl at nuptials in the Mill Valley Community Church yesterday.

The bride was given in marriage by her father, Howard L. Nelson of Booneville, in a 2 o'clock double ring rite performed by the Rev. Gordon L. Foster.

The bride recited her vows in a full length gown of white silk organza and Chantilly lace over silk fashioned on princess lines with chapel train.

All attendants wore frocks in aster shades designed similarly to the bride's gown. They were Lynne Minter of Crescent City, maid of honor; and bridesmaids

Mrs. Robert Youngberg of Palo Alto, Carol Bonfantine of Los Banos, Nancy Montgomery of Stockton and the bride's niece, Pamela Swendeman, daughter of the bride's only sister, Mrs. Robert E. Swendeman of Mill Valley.

Cynthia Swendeman and Janice Bonfantine were candle-lighters, and Marcia Swendeman was the flower girl.

Best man for the bridegroom, who is the son of Mr. and Mrs. Harold Shawl of Corcoran, was Robert Ekedahl of San Francisco, and ushers were Stanley's brothers, Jon and Robert Shawl of Corcoran. Stuart Hall of Stockton and Kent Kaiser of

San Francisco.

A reception was held immediately following the ceremony at the Outdoor Art Clubhouse. After a wedding trip to Southern California the young couple will live in Oakland.

The new Mrs. Shawl, who was just graduated with major in psychology from the University of California, will be employed as a deputy probation officer trainee in Albany.

Her husband was graduated from the University of California and has just completed two years of service as a lieutenant, junior grade, with the U.S. Navy. He is employed as freshman crew coach at the University of California.

SEW SIMPLE

Lengthening One-Piece Dress Pattern Done In Front Panel

By EUNICE FARMER
"Usually I have to lengthen the top of a dress pattern and they fit fine, but when I lengthen a one-piece dress pattern, I get folds in the skirt between the waist and hips in the back. I have a friend who has the same trouble and we can't figure out why this is happening. How do you get rid of the folds once the dress is made?"
—Mrs. D.N.

Dear Mrs. D.N.:
It sounds like you need the extra length in the front but not in the back. This usually is because of a large bust. You must separate the pattern above the waistline and add the extra you need in the front only. Either make an underarm dart opposite the fullest part

of the bust, if there is no dart, or make the dart larger if there is one. This will make the side seams the same length.
To find your exact waist measurement on a dress without a waistline seam, tie a string tightly around the waist. Place a pin at each of the darts and side seams. This is the exact spot where your darts must be the widest and the side seams should nip in at this point. These places must also be clipped after stitching to avoid a pulled look.

To remedy the problem after the garment has been finished, rip the side seam open from the lower edge to just above the waistline.

Again tie the string around your waistline to find the exact place the dress should be nipped in. You will notice that the original waistline has now dropped down towards the hips. The only problem here is that there may not be enough room for the hips, this would mean that this kind of alteration would not work.
The only other solution to changing a garment already

made is take up the additional length at the neckline, which is a rather involved alteration.

"When a pattern calls for the midriff of the dress to be cut on the straight of the material, is it all right to cut it on the bias if it would be more attractive because of a checked material?" — Mrs. L.S.B.

Dear Mrs. L.S.B.:
I think the midriff should definitely be cut on the bias in a plaid or check fabric for the effect. The midriff will hold its shape much better if you will under-line it with soft, firm fabric. This should be cut on the straight grain.

"Why, after very carefully hemming skirts, are there slight puckers or waves that one cannot entirely press out? I do not draw the thread tightly." — Mrs. L.E.Mc.

Dear Mrs. L. E. Mc:
You are pulling the hem tape too tight as you stitch it to your fabric, this is not caused from your hand stitching. Ease the hem tape on a little as you machine stitch.

If you are planning to wash your dress, the hem tape should be pre-shrunk. Always wet the tape and iron it dry before applying.

If you would like to have the booklet of "Twenty Most Frequently Asked Questions," send 25 cents and a self-addressed, stamped envelope with your request for it to Mrs. Farmer, Sew Simple, in care of the Independent-Journal Women's Dept.

pass. Each person in the car takes a turn and adds the last digit of his license number to his score.

—Animals. Assign the right side of the road to one half of the family and the left side to the other half. Have each side locate and keep track of the animals on its side. Pre-assign scores for each kind of animal. For example, horses might count five, cows three, hogs two and sheep one. Give an extra eight points for a white horse, and allow 10 points for a wild animal such as a skunk or rabbit.

Local auto dealers, associations and service stations can suggest other games.

Games Aid Tots On Auto Trip

URBANA, Ill. (UPI)—Travel games make a trip more fun for children.

E. H. Regnier, University of Illinois extension recreation specialist, recommends the games because children don't enjoy the scenery as much as adults.

"But since games are designed only to pass the time between interest points, it's a good idea to interrupt them when something special comes into view," he said.

He also recommended playing several different games for short intervals rather than one long game.

Here are some of the games Regnier recommended:
—TV antennas. Assign the right side of the road to one half of the family and the left side to the other half. For a given distance of five or 10 miles, each side counts the number of TV antennas on its side of the road.

—License numbers. Keep a running total of the last digit on license plates on cars that

Bazaar In Bolinas To Be August Event

The quonset hut on the right side of the street as you enter Bolinas is beginning to bulge, say residents—a sure sign that the community's greatest annual event is drawing nigh.

The annual Bolinas rummage sale and bazaar, which has mushroomed each year of the 15 that it has been held in the little seaside community, will run three days again this year, Aug. 5, 6 and 7, a Saturday, Sunday and Monday, so that all Marinites will have a chance to visit and view the community's efforts.

Luncheon will be served the first day and sandwiches and coffee will be available the second day, announces the committee members from the four groups that jointly participate in the sale, the Community Center and the Bolinas Presbyterian, Episcopal and Catholic Churches.

Sale hours have been set as Aug. 5, 10 a.m. to 5 p.m.; Aug. 6, noon to 5 p.m.; and Aug. 7, 10 a.m. to 4 p.m. The wares will be on display at the community center.

Committees in the midst of sorting and arranging this year are Mesdames Sherman Smith and Harvey Crofts, Calvary Presbyterian Church; Mesdames J. B. Lowe and Wilson P. Goddard, St. Aidan's Episcopal Church; Mesdames Joseph Silveira Jr. and Anthony Teixeira, St. Mary Magdalene Catholic Church; and Mesdames Erwin Manheim and William Miller, Bolinas Community Center.

Last year the sale grossed over a thousand dollars each for the four participating groups, Mrs. Manheim announced.

RULE NUMBER 1

Don't Pop Pop Bottles In The Garbage Disposer

NEW YORK (UPI)—Rule No. 1 in the care and feeding of garbage disposers: No pop bottles.

Strange as it may seem, someone, somewhere, got the idea that a pop bottle now and then in the garbage disposer would help keep the shredding elements clean. The word spread, and now, from all parts of the country, come reports of difficulties.

Pop bottles do grind up nicely, but they have a tendency to eat away the shredding elements and, sooner or later, are bound to give you sewer line trouble. Far better for garbage disposers is an occasional diet of bones.

Some other tips for disposer owners come from Ernest J.

Priaux, national service manager for one manufacturer.

Always use cold rather than hot water when the disposer is in use. Cold water compresses grease into globules that easily are flushed down the drain pipe. Hot water creates a slimy substance that tends to coat pipes.

Never put lye or other chemical drain cleaner through the disposer. If you have a second kitchen sink bowl, that's where the drain cleaner should go.

Turn on a full-flow of cold water before you start the unit, and allow the water to run for 10 to 30 seconds after the unit has stopped.

Do not put abrasives such as glass or metal into the disposer. Paper napkins and cigarette

Hospital Workers Given Awards For Hours Of Service

Eight members of the Women's Auxiliary of San Rafael General Hospital have received awards for volunteer service at the hospital.

Receiving awards were Mesdames Leiton J. Elder, 600 hours; Willis E. Ball, 400; Donald L. Walling and Walter Lethbridge, 200 each; Harold Suhrke and Maryann Ranzoni, 100 each; John Sauter and Edward Valenta, 24-hour emblems.

Mrs. Louis H. Baar has been announced as a new member.

The Junior Branch of the Auxiliary welcomed four new members recently: Dianne Schallack, Diann Nelson, Carla Abraham, and Marilyn Walker, all of San Rafael.

Members of the auxiliary have donated a new service cart to the hospital. The volunteers work at the hospital during the summer but declare a holiday from monthly meetings. The next meeting of the senior group is Aug. 28 at 1:30 p.m.

butts (non-filter) are safe as long as they are mixed with other waste. Newspaper and other hard papers belong with the rubbish.

Don't worry about fruit pits or bones. They may make a little more noise, but disposers are designed to take care of them. Just make sure the bones are not too long for the depth of the disposer.

Watch That Your Children Go Easy On The Summer Swimming

Do your children swim a lot these warm days? Swimming is fun, but water creates problems. Here are some suggestions.

Don't let your children spend too much time in the water. Doctors say that if their noses and throats are soaked very long the membranes lose the ability to resist germs. They say if the wax has been washed out of their ears they become susceptible to infections. If their bodies are chilled continuously they may catch colds. Reasonable limits are needed.

Be sure the water they swim in is pure. Doctors nowadays disapprove of our old-fashioned swimming holes. Such pools, they say, carry disease. A chlorinated pool is much safer. If you have your own swimming pool, be careful. Carry an extra large liability insurance policy. Your pool is an "attractive nuisance," legally. You may be held liable if a child drowns, even though he was swimming without your approval.

Buy a water testing kit. Check the pool once a day. Keep the chlorine content high. Limit the number of kids who can use it and the hours during which they can swim. Insist that a parent accompany each younger child. Don't let people with boils or open sores enter the water. Make sure every youngster understands your rules. Have a high wall or a fence around the pool, with a

Verla Clemens To Be Wed In Mill Valley

A garden party July 16 at the Modesto home of Mr. and Mrs. William Parrish was the occasion of the announcement of the betrothal of Verla M. Clemens to Chester Arthur Insko Jr. of Tiburon.

The bride-elect is the daughter of Mr. and Mrs. C. V. Clemens of Modesto. She was graduated from Downey High School in that city and from Fresno State College. She did graduate work for two years for masters degree in religious education at Golden Gate Baptist Seminary in Mill Valley and is now enrolled in the graduate intern teacher training program at the University of California at Berkeley. She will teach science in the fall at Burbank Junior High School in Berkeley.

Chester is the son of Dr. and Mrs. C. Arthur Insko of Tiburon. He was graduated from Albany High School and the University of California and is a member of Phi Beta Kappa. He received an MA degree from Boston University and is a teaching and research assistant, completing work for a PhD degree in psychology at the University of California.

The couple plans a November wedding at Golden Gate Seminary in Mill Valley.

VERLA M. CLEMENS

Pistol-Packin' Ladies Now Drive Police Car

By JOYCE SCHULLER

CHICAGO (UPI)—Pistol-packing ladies have moved into the driver's seat of Chicago police cars. They're policewomen, patrolling the streets around the clock for the first time in the city's history.

To date, 66 policewomen have been transferred to the Youth Bureau of the Police Department and assigned to patrol cars. Capt. Michael Delaney, youth bureau commander, said he thought it was a great idea to get the women out patrolling the streets.

"We want people to know the women are regular police officers," he said. "They can handle a gun as well as any of the men in the department and most of them are pretty good at judo, too."

IN SNAPPY BAGS
The women carry their pistols in snappy shoulder bags. Working two to a car, they patrol an estimated 50 miles a day on any of the department's three round-the-clock shifts.

They search for missing persons and escort women prisoners, as always. But now, they're also on the lookout for trouble anywhere, particularly in juvenile hangouts.

Her first night on the job, Officer Dominy and her partner took the 4 p.m. to midnight shift on Chicago's southwest side. They returned a lost 2-

year-old girl to her home, lectured two 14-year-old boys who had stayed out all night, and tried to locate a mother of four who walked out on her family.

Practically all the women now assigned to patrol duty like their new job better than their old one, largely restricted to escorting and searching women prisoners.

Delaney is all for the change. He has high hopes the women will prove better than patrolmen at preventing trouble in parks, recreation centers and other juvenile hangouts.

He admitted the possibility that the lady policemen, many of them mothers, might be "softer" on juveniles than men. "But that's all to the good," he said. "We have always encouraged leniency and a friendly attitude in handling young people."

Delaney thinks policewomen may also get more community help than men in spotting and preventing trouble.

"The image of a woman in uniform is one of helpfulness, welfare and understanding," he said. "Like the visiting

Colors Triumph In Italian Styles

Fashion experts said the first phase of Europe's high fashion parade this year was highlighted by the use of beautiful and unusual colors by Italian designers.

After seeing fall and winter collections of more than 30 Italian designers, they agreed that colors were undoubtedly the triumph of shows in Florence and in Rome. The big unanswered question was the shape.

Simonetta and her husband produced the only startlingly new line—a suppressed bust-line and hemlines as much as five inches below the knee. Some observers said these two designers were merely following a whim.

But there was speculation that Simonetta and Fabiani may have given a sneak preview of the new Paris fashions. If this is true, then it would be an outstanding accomplishment for Italian high fashion.

Beginning at the top of the head, here's how the experts predicted the 1962 look will be: Minarets or domes for hats, perhaps a cake or a fur pillbox.

More sleeveless winter dresses than ever before, worn with cape coats, princess coats or grand coats with wide sleeves sewn down to the waist line.

Tunics and overblouses, sometimes of fur or soft feathers.

nurse, she probably can find out things, particularly from mothers and young girls, that no male officer could."

If the women run into danger, Delaney has advised them to call for reinforcements.

"We'd rather they didn't shoot it out with anyone," he said. "But of course, they're free to handle the situation alone if they feel up to it."

Druids Fete 3 Delegates

The members of the Larkspur Circle 166, United Ancient Order of Druids, honored three members at a recent reception in the Larkspur American Legion Hall.

Delegates honored were Mesdames Donald Denton, recording secretary; William Young, past arch druidess, and Margherita Cuthbert, grand secretary, of the Grand Circle and financial secretary for the Larkspur chapter.

The honorees were presented with suitcases and badges by the escort team which included Mesdames Fred Lagier, Leland Little, Clyde Thomson and commentator Carlotta Thomas.

Mrs. Jeretta Russell, arch druidess, presided.

ALMANAC

Today is Monday, July 24, the 205th day of the year with 160 to follow in 1961.

The moon is approaching its full phase.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars, Jupiter and Saturn.

On this day in history:

In 1783, Venezuelan patriot Simon Bolivar was born.

In 1802, French writer, Alexandre Dumas the elder was born.

In 1847, Brigham Young and his Mormon followers arrived at Great Salt Lake Valley, Utah.

In 1898, American aviator Amelia Earhart was born.

In 1958, then Vice President Richard M. Nixon, in Russia to open an American exhibition, walked through the exhibit with Soviet Premier Nikita Khrushchev and carried on a running verbal battle with the Russian leader.

A thought for today: Alexandre Dumas the elder said: "Great is truth. Fire cannot burn nor water drown it."

TIME AND TIDE

Department of Commerce United States Coast and Geodetic Survey, Western District headquarters, Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; bold-face type indicates p.m. times.

East won two rounds of diamonds and led a third, putting South in the middle. South knew that West was itching to over-ruff, so he stepped up with the ace of trumps to shut West out.

"To big for me," West remarked, but there was no sadness in his tone. South's play was intended to safeguard eleven tricks if the trumps broke 3-2, but the play cost him the contract with the actual trump break. West was now sure to get two trump tricks.

PURE CONTRARIANESS: Why was South so afraid of being over-ruffed? Probably pure contrarianism. If West wanted to over-ruff, South would go to any length to stop him. South makes the contract if

he ruffs the third diamond with a low trump. West can over-ruff, but then South can easily draw the rest of the trumps with his own ace-king and dummy's queen-jack. The clubs and hearts provide the rest of the tricks.

If West refuses to over-ruff the third diamond, he will get his one trump trick later. South can draw a trump or two and then go ahead with clubs and hearts.

CERTIFICATE
IT IS HEREBY CERTIFIED AS FOLLOWS:

The undersigned partners doing business in the State of California under the fictitious name BOARD-WALK BEAUTY SALON. Their principal place of business is located on the Boardwalk, Belvedere, Marin County, California. The names in full and places of residence of the partners are as follows: J. G. HARDAGE, 529 Midvale Way, Mill Valley, California; ZELLA MARSH, P.O. Box 63, Belvedere-Tiburon, California.

Dated: July 6, 1961.
J. G. HARDAGE
ZELLA MARSH
STATE OF CALIFORNIA ss.
City and County of San Francisco

On this 6th day of July in the year one thousand nine hundred and sixty-one before me, JAMES MURRAY, a Notary Public in and for the City and County of San Francisco, State of California, residing therein, duly commissioned and sworn, personally appeared ZELLA MARSH and J. G. HARDAGE, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my official seal in the City and County of San Francisco the day and year in this certificate first above written.

(SEAL)
JAMES MURRAY
Notary Public in and for the City and County of San Francisco, State of California. My Commission expires April 4, 1965.

No. 855—July 10, 17, 24, 31, 1961.

Massage For Heart Debated

NEW YORK (UPI)—Hot medical enthusiasm for a new technique of "massaging" the failed heart without opening the chest and getting hands upon it, is about to cool. What is gained if a failed heart is revived if the liver is destroyed in the process?

"Closed-chest massage" has been in general use for only a year. It works and there have been many authoritative expressions of approval. The technique is rather simple—in knowledge and trained hands. One hand is put on the chest bone, the other on the upper abdomen.

Pressure is then applied alternately and this pumping action "massages" the failed heart without it ever being touched. Many heart beats have been restored, and the old technique of opening the chest for direct massage was made to seem cumbersome.

Dr. Robert R. Morgan, a resident physician at New York's St. Vincent's Hospital, used "closed-chest massage" on a 67-year-old man whose heart had just failed. This man had been in the hospital only two days.

He was admitted because of heart palpitations. There had been the usual "work-up" in which his internal workings were thoroughly explored. The man had had a heart attack 18 years before, and now there were definite signs of a poorly functioning heart.

But he "appeared comfortable" at the instant his heart failed altogether. Morgan was unable to hear any heart sound. He applied "closed chest massage" for three to four minutes, and he applied it "vigorously," he said, as it must be applied if it's going to work.

Meanwhile, the electric "pace-maker" was being hooked up to the man. It also could not revive the failed heart and so the man became irrevocably dead.

Then came the autopsy. In the man's liver were two comparatively long and deep lacerations—in the lobe which came under the pressure of the "closed chest massage." From these lacerations blood had poured into the abdominal cavity.

This was not the cause of death, of course. The man died of heart failure. As Morgan expressed it in his report to the New England Journal of Medicine:

"Although the patient did not live to feel the consequences of this complication, the large quantity of blood draining from the liver probably would have been fatal even if the heart could have been resuscitated."

A well-known heart surgeon told this writer he was glad the incident was being publicized. It would "cool medical enthusiasm for closed chest massage," he said. This enthusiasm has gone too far, in his opinion. The technique is simple and life-saving in many instances but, he added, it should not replace the old and tried technique of opening the chest and massaging the failed heart directly, when that is possible.

Summer Reading Program Still On

An elementary grade summer reading program at the Sausalito Library, which began July 8 and will continue to Aug. 31, is still open for more children to join, librarian Josephine Ripley said today.

Each reader will receive a booklet called "Grow With Books, North Bay Adventures, Summer Reading Club, 1961." From three grade levels three prizes will be awarded on Aug. 31 to children who have read the best selection of books and made the best reports.

NOTICE TO CONTRACTORS
(Advertisement)

NOTICE IS HEREBY GIVEN that the Tomales Bay Union School District, Tomales, California, will receive bids for the furnishing of all labor, materials, transportation and services for the construction of additions to the Tomales Bay Union School. Each bid to be in accordance with the plans and specifications as adopted by the Board of Trustees of the Tomales Bay Union School District now on file with Charles J. Woodbury II, A.I.A., Architect, 159 Kentucky Street, Petaluma, California, where same may be examined and copies obtained upon deposit of Twenty-Five Dollars (\$25.00) per set, which deposit will be refunded upon the return of such copies in good condition within five (5) days after the bids are opened.

Each bid shall be made on a form to be obtained at the office of Charles J. Woodbury II, A.I.A., Architect, 159 Kentucky Street, Petaluma, California, and must be accompanied by a certified or cashier's check or bid bond for 10% of

Shopping center . . . with 29,000 windows

Each day, 29,000* people look through the "windows" of the Independent-Journal, shopping the ads for news of merchandise, for value, for price.

Our columns are the aisles, you might say, of this county-wide shopping center...and where the buying-eye stops, that's the point of decision.

Are you in the "window" with your advertising? Are your wares fully displayed to the phenomenal buying power of Marin? How and why is new advertiser-opportunity growing with the county?

New I-J Market Research Study Can Help You Plan

New facts draw the market profile of Marin families clearer for you...uncover "vital statistics" you'll want to know...show why the I-J is your best-seller for better marketing.

*Daily circulation. Average copy seen by 2.4 readers.

Let us show you this study-in-depth, made by the Field Research Company, highly-respected, independent research organization. It proves that Marin is, indeed, the bounty County of California for advertisers.

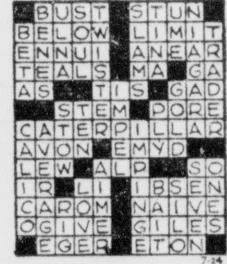

To get the facts, telephone the I-J Advertising Dept.

A Few Highlights of the Study

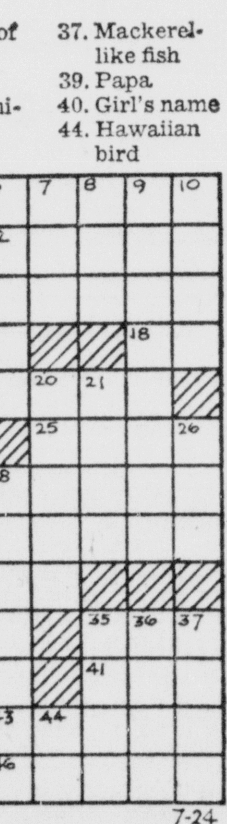

- 80% of Marin families own their homes.
- 57% of main breadwinners are college educated.
- Families average 1½ automobiles.
- I-J retail food advertising preferred 42-1 over that of other newspapers.
- I-J is 95% home-delivered—gets to readers because it's wanted.

Legal Notices

the bid amount, made payable to the order of the Tomales Bay Union School District. Bids shall be sealed and filed with the Clerk of the Board on or before the 2nd day of August, 1961, at 8:00 P.M. and will be opened in public at or about 8:30 P.M., on the same day, at the Tomales Bay Union Elementary School, Tomales, California.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract or to furnish the necessary bonds after being requested to do so by the Board of Trustees of the Tomales Bay Union School District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Trustees of the Tomales Bay Union School District.

Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Board of Trustees of the Tomales Bay Union School District has ascertained general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract, which will be awarded the successful bidder. The prevailing rates so determined are as follows:

Craft or type of work	Regular Time, hourly
Carpenters	\$3.75
Limeum and soft tile layers	4.15
Cement finishers	3.77
Electrical workers	4.38
Engineers	
Power grader or any type power blade	4.21
Trenching Machine	3.97
Glaziers, journeymen	3.72

Legal Notices

Iron workers, reinforcing steel	4.025
Laborers—Group 1	3.295
Laborers—Group 2	3.145
Laborers—Group 3	3.043
Painters	3.67
Plasterers	3.875
Plumbers, Steamfitters, Pipefitters	4.36
Sheet metal workers	4.29
Tile setters	4.25

NOTE: Any wage increase prior to June 1, 1961 shall supersede the above listed hourly rate.

All other trades not specifically mentioned in the General Conditions to receive wages prescribed for that particular craft or type of workman.

Wages are based on an 8-hour day unless otherwise noted. All labor to receive the prevailing rates for each class, unless otherwise specified. The hourly wage prescribed is the per diem rate divided by the aforementioned number of hours constituting a working day.

Attention is directed to Section 4100 and 4108 of the Government Code concerning subcontractors.

The Board of Trustees of the Tomales Bay Union School District reserves the right to reject any and all bids and/or waive any irregularity in any bid received. Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

No. 13903.
Dept. 2.

Notice is hereby given that the undersigned, as Executrix of the Will of BERTHA A. MATTHEWS, deceased, will sell at private sale to the highest and best bidder upon the terms and conditions hereinafter mentioned and subject to confirmation by the Superior Court, on August 10, 1961, at the hour of 10:00 o'clock A.M., or thereafter within the time allowed by law, at the office of Wm. F. Worthington, Attorney at Law, 250 Montgomery Lane, San Francisco, California, all right, title, interest and estate of said BERTHA A. MATTHEWS, deceased, at the time of her death and in and to the real property described as follows:

Real property known as 87 Hillside Avenue, Mill Valley, California, and improvements thereon, including a detached house, said real property consisting of two lots and described as follows:

All those certain pieces, parcels, tracts, and lots of land situate, lying and being in the Town of Mill Valley, County of Marin, State of California, particularly known, designated and described as follows, to-wit:

Parcel No. 1, COMMENCING at the Northernly line of Hillside Avenue, distant Southeasterly 9.05 feet from the common corner between Lots Number Twenty-six (26) and Twenty-seven (27), and the same is laid down, designated and delineated upon that certain map entitled "Plat of Gardner Tract" owned by Eastland, C. E. Nov. 1895, and filed in the office of the County Recorder of said Marin County, on the 7th day of December, 1960, described as follows: South 58° 53' East 62.15 feet; thence South 82° 22' East 15.2 feet; thence leaving the said Northernly line of Hillside Avenue North 10° 15' East 12.45 feet; thence Northwesterly to the Northeast corner of the property of Mary H. Gilbert; thence South 28° 23' West 120 feet to the point of commencement; BEING a portion of Lot Number Twenty-six (26) as the same is laid down, designated and delineated upon the Map above referred to, to which reference is hereby made.

Parcel No. 2, COMMENCING at a point on the Northernly line of Hillside Avenue distant Southeasterly 89.95 feet from the common corner between Lots Number Twenty-six (26) and Twenty-seven (27), and the same is laid down, designated and delineated upon that certain map entitled "Plat of Gardner Tract" owned by Eastland, C. E. Nov. 1895, and filed in the office of the County Recorder of said Marin County, on the 7th day of December, 1960, described as follows: South 58° 53' East 62.15 feet; thence South 82° 22' East 15.2 feet; thence leaving the said Northernly line of Hillside Avenue North 10° 15' East 12.45 feet; thence Northwesterly to the Northeast corner of the property of Mary H. Gilbert; thence South 28° 23' West 120 feet to the point of commencement; BEING a portion of Lot Number Twenty-six (26) as the same is laid down, designated and delineated upon the Map above referred to, to which reference is hereby made.

Bids or offers are invited for said property and must be in writing and will be received at the office of Wm. F. Worthington, Attorney at Law, 250 Montgomery Lane, San Francisco 4, California.

Said sale will be made upon the following terms: Cash, "as is."

DATED: July 17, 1961.

Wm. F. WORTHINGTON

Bay Area Stations Shake Up Their Schedules To Carry Kennedy's Talk

Coverage of President John F. Kennedy's important report to the nation on the tense international situation has caused the television networks and their Bay Area outlets to revise their program schedules for tomorrow night.

Both KRON and KPIX have announced they will carry the President's speech at 10 p.m. KGO plans to carry the talk at 7 o'clock.

To clear the way for the telecast of the address, NBC has dropped its plans for an encore showing of the "Purex Special" for women, "The Trapped Housewife."

And CBS has postponed for one week its re-showing of the "Playhouse 90" drama, "The Velvet Alley" with Art Carney, that was to have run from 9:30 until 11 o'clock tomorrow night.

ABC outlet KGO has moved its scheduled repeat of its "Extravaganza on the Golden Gate," a documentary on San Francisco's three world fairs, from 7 o'clock to 10 o'clock tomorrow night, dropping "Alcoa Presents" from the evening's schedule.

The NBC coverage of the Kennedy address over KRON will be followed by a half hour program evaluating the speech and reporting reaction from this and other countries. NBC's senior European correspondent, Joseph C. Harsch, will report from London. Piers Anderson, correspondent in West Germany who is now in New York temporarily, will discuss how West Germany is likely to view the President's proposals.

It is likely that the other two networks will also schedule similar shows to follow their coverage of the President's talk.

ON KTVU tomorrow at 9 o'clock the "Great Music from Chicago" concert will have Robert Trender conducting the Chicago Symphony Orchestra and his chorale group in music from such hit shows as "Oklahoma," "South Pacific," "Kismet," and "Carousel." Also on the program: a Cole Porter medley, and "Slaughter On Tenth Avenue."

"Concert Hall," at 7:30 on KPIX, will feature violinist Jascha Heifetz. The celebrated virtuoso will play Bach's "Prelude in E Major," Debussy's "Girl With the Flaxen Hair," Wieniawski's "Scherzo Tarentelle," and Paganini's "25th Caprice."

ON WEDNESDAY, KTVU repeat as its "Play of the Week" the much praised "The World of Sholom Aleichem." It is based upon a series of stories and sketches written by Sholom Aleichem (Solomon J.

Rabinowitz) and I. L. Peretz. Brooks Atkinson said of this play in the New York Times: "As creative theater, both in the writing and the acting, 'The World of Sholom Aleichem' ranks with the best that has been done on Broadway, and possible outranks it. It is pure art with no shortcomings."

ANOTHER Wednesday attraction will be a KRON special to be seen at 9:30 p.m. in which The Atlantic Monthly editor Edward Weeks converse with four Soviet writers on literature in Russia today.

"Are Soviet authors subject to thought control?" "What is the position of literature, propaganda and the arts in the USSR?"

Weeks directed such questions as these at Stephen Shapachov, Leonid M. Leonov, Mukhtar Auevov and Oles Gonchar, all top rated Soviet writers, while they were in this country on a visit. A second half-hour of the conversation will be shown next week.

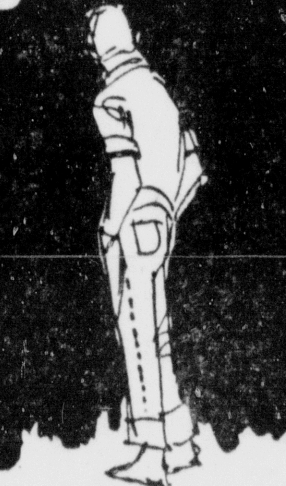

TONIGHT, on KQED, Oakland-born singer Tony Martin will be interviewed on "Kaleidoscope" at 8 o'clock, and the first of two special hour-long programs taped during recent meetings of education, business and public affairs leaders at the University of Chicago under World Brotherhood Inc. auspices will be shown at 9:30. The latter show features excerpts from speeches delivered by six different Nobel Prize winners.

THE BRING-BACK-memories song on tonight's "Glenn Miller Time" show (KPIX at 10 p.m.): "Tuxedo Junction." It's the Miller hit many of us remember best.

Army Training

CWO-2 Francis W. Mosher Jr. of 327 Robin Road, Mill Valley, has completed the Sixth Army Radiological Monitoring Instructor's school at Camp Roberts, Mosher returned Sunday after two weeks summer training with the 820th Hospital Center.

blue jeans

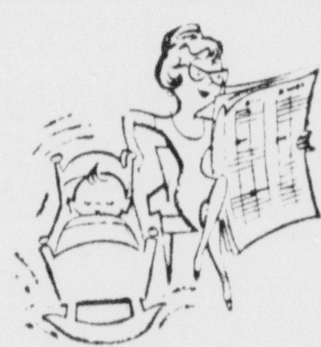

For CHRISTMAS!

In Coquimbo, Chile, every boy in the worst slum sectors of town received a pair of blue jeans for Christmas! These were the first, clean, whole clothes many had ever had in their lives! This clothing was collected from American churchgoers and sent to Coquimbo. Lists of needy children were gathered from public, Protestant and Catholic schools and a Jewish refugee organized the outfitting job. By Christmas, 5,000 children were dressed in clean clothing!

This is one example of Americans supporting the Overseas Aid Programs of their faiths. While this case is Protestant—all three faiths—Protestant, Catholic and Jewish—maintain programs that provide not only clothing but jobs, tools, housing, schooling and food for those in need overseas! Next time an appeal is made—give generously!

MARIN BUSINESS And INDUSTRY

(A Thrice-Weekly Column)
By HARRY CRAFT

Novato's New Talbot Building Nearly Ready, Drawing Occupants

The new Talbot Building at Grant Avenue and Fifth Street in Novato in its final stages of completion is also in the process of bringing in new tenants.

So near to occupancy that they may be in by the time this item appears are:

Wide Wide World Travel Agency — previous location at 1070 Machin Avenue—going in on the ground floor level.

Helen of Troy Beauty Salon (new in Marin)—also on the ground floor; to be operated by Mr. and Mrs. Edward Sanders who own a salon in Petaluma. Don R. Hoffman and Associates, building designers now located at 968 Second Street—will be located on the third floor.

We hear, too, that there'll be a Christian Science Reading Room in the building.

MARIN PRODUCTS CO., Inc. 700 A Street, San Rafael, has turned to spending its full time in the frozen food field. All fresh produce has been taken over as an entirely separate business by Jim Caramucci of San Francisco, a veteran of 30 years in produce and 15 years as a supermarket buyer. His assistant manager is Sal Bales-trieri of San Rafael, himself in the business about 25 years.

The new firm is known at Marin Produce and has a separate telephone number, although based at the same location as Marin Products.

PAINTING CONTRACTOR Max Miller of San Rafael tells me he's expanding his sand-plasting operations from a large to a small way, which may seem to be a misprint—but it isn't.

Heretofore he's worked only on large surfaces such as the side of a house; now is taking small articles—indoor and outdoor furniture (wood or metal), boat trailers and other odds and ends which the home do-it-yourself worker has been doing the hard way with paint remover and sandpaper. He's fixing up a special shop to take care of these jobs.

If you've ever struggled to remove rust or multiple layers of hardened paint, particularly on irregular and ornamental work you can save yourself hours of labor.

THE COUNTY ASSESSOR'S office reports there are 3,855 boats registered in Marin County. As I recall, the figure was somewhat less than 3,000 last year. Total estimated market value amounts to \$11,140,700.

Machinists' Tools Stolen In Novato A burglar broke a padlock on a storage shed at North Bay Garden Supply, Novato, and stole about \$150 worth of machinists' tools, the Marin County sheriff's office has reported.

Edgar Harms discovered the theft Thursday morning when he arrived to open the store.

SAN FRANCISCO (UP)—Average earnings of California factory workers increased 3.8 per cent last May over May 1960.

The State Department of Industrial Relations said that the workers averaged \$107.59 a week in May 1961. The amount topped the May 1960 figure by \$3.97.

Weekly earnings were above a year ago in all industry groups except leather and auto assembly. Year-to-year gains of five per cent or better were recorded in petroleum, furniture, primary metals, food processing, electrical equipment and fabricated metals.

Vocal Classes At Dominican

Aksel Schiotz, a Danish tenor and professor of voice at the Royal Conservatory of Music, University of Toronto, Canada, will conduct vocal master classes at the Dominican College in San Rafael Friday from 10 a.m. to 4 p.m.

Classes are open to qualified students and auditors. Auditions will be held Wednesday from 1 to 2 p.m. in Room 210, Angelico Hall, on the Dominican campus, and Thursday from 10 a.m. to 2 p.m. at 2231 Franklin Street, San Francisco. Reservations must be made in advance.

Eating Trends

Eugene Lackenbach of 314 Jewel Street, San Rafael, owner of Eugene's Restaurant in San Rafael, will discuss current trends in eating on Station KDFC at 12:15 p.m. Friday. He will be interviewed during a special restaurant program.

IT WAS DOUBLE TROUBLE

A fall from a swing ended in double trouble for 10-year-old Joyce Williams of Kansas City, Kan. Joyce attempted to stop the swing at the top of its arc to get off and join in a ball game. Instead she lost her grip and fractured both arms in identical places. (UPI Telephoto)

Congregation All Are Not 'True Churches'

The congregation of the Greenbrae Ward of the Church of Jesus Christ of Latter Day Saints were told yesterday that all Christians churches are not "true churches."

Elder Jay N. Lund, a member of the Santa Rosa Stake High Counsel maintained that modern Christianity believes that "all churches are equally true . . . and on different roads, all leading to the same place."

He told the Greenbrae congregation that two conflicting doctrines "cannot be equally true and since God is not the author of confusion, it is obvious that neither can all churches be equally true."

He asserted that any conflicting creeds are formed by the wisdom of men, but that the author of the "Gospel was the Lord Himself" and that one should look for further "revelation from Him for a restoration of the truth."

Elder Lund declared that true church has been restored and that this may be known "through the testimony of the Spirit the Lord has promised His followers . . ."

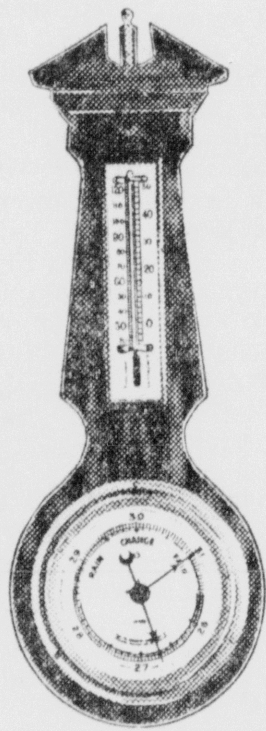

The Mormon leader addressed an evening Sacrament meeting at the ward.

Petaluma Driver Hurt In Two-Truck Collision

A Petaluma truck driver, John Thomas Cain, suffered cuts and bruises in a two-truck collision on Highway 101 a mile south of the Sonoma County line Thursday noon.

Cain's northbound truck was hit from behind by one driven by Norman Russell Lindsay of El Monte, Los Angeles County, reported the California Highway Patrol. Cain was treated at Hillcrest Hospital in Petaluma.

Mary Jo Tonelli Files For Divorce

Mary Jo Tonelli, assistant health officer in the Marin County Health Department, filed suit for divorce Friday against Jerome A. Tonelli, operator of Tonelli's Seafoods in San Rafael.

She seeks custody of their three children, just and proper support for herself and the children, and asks that community property be set apart for her.

They were married in Oakland in 1951 and separated last month. Mrs. Tonelli, whose home is at 22 Glenwood Drive, San Rafael, charges extreme cruelty.

Jaycees Looking For Fall Fete Replacement

L. R. (Pat) Patterson, treasurer of the Mill Valley Junior Chamber of Commerce, has been instructed to report in about two weeks on what kind of event the Jaycees can produce in September in place of a Fall Festival. H. Leland Shain, president, said today.

"We haven't given up the idea of having some kind of activity," Shain said. "Patterson has been asked to study the possibility of having some kind of art show."

The Muscovy duck is no Muscovite, but a native of Latin America.
